

Submitter: Conley Bergh

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I oppose limiting recreation for local families and residents who enjoy water sports and limiting this type of boat on the willamette river. This is an extreme and unnecessary control that goes far beyond normal restrictions already in place. Local residents and my own personal decision to live in this area of Oregon is partially based on the ability to use our boat and continue to use a public space for our favorite summer family activities. This type of extreme measure is pushing people out of Oregon, so help us by opposing this Senate bill 1589
