Measure: SB1589

We as boaters try to be as safe and respectful of all our rivers. This would be devastating to take away the river we love most to spend time with growing our families, meeting with business people, and enjoying life in the beautiful PNW. This has been a tough year. Going out on the beautiful river has been one of my places to reset. Please don't favor a minority group of people and answer the cry of many who want to just enjoy life, safely on the river.
