

Submitter: Preston Derrick

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

This public waterway is a multi-use waterway that has been accessible to families of all demographics. Having grown up using this water way since I was 6 years old, I want to preserve access to this waterway for my future family, and for other families that have deeply rooted memories there. This bill supports special interest groups, and shouldn't be limited to just those interest groups.
