

Submitter: April Berg

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

SB 1589 Will strip safe, socially distant outdoor sports opportunities for hundreds of families along the Newburgh for an Detrimentially Impact local small businesses and regional businesses who depend on their support.

Residential development, not both weeks, is the primary human caused source of erosion. It is known that the lack of native vegetation and homeowner miss management of native trees has caused the majority of the erosion. Natural occurrences similar to last winters storm have a greater impact on river health than boating.
