

Submitter: Loren Pember

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I, and MANY like me, respectfully request you oppose this bill. This bill will effectively kill river recreation sports for the majority of boat owners. This bill primarily benefits wealthy riverfront landowners who don't want to share this beautiful piece of our state with those not fortunate enough to live on the water. This bill will also kill many local small businesses that sell boats or cater to the industry. Some of the best memories I have with my family are summer days with my kids as we play on the river. Please don't take this away from my family, and many families like mine.
