

Submitter: Brian Rapp

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I am a resident who lives on the Newberg pool. The River is too small to support these high displacement boats. They make it dangerous for all other families that recreate on the river. Eliminate these boats over 5000 lbs and you will give the river back to the average family. Fisherman, SUPs, canoeist, kayakers and the average boater and jet skiers can live in peace
