

Submitter: Keely Varney

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

I oppose SB 1589. My family and I have enjoyed towed water sports on this section of the river for years in a safe manner under the current rules which are already extremely restrictive. I feel this bill is being pushed through under the guise of an environmental cause but is actually to benefit a select group of water users. Enough is enough, let's all share the river, as we have, and as we should.
