

Submitter: Lisa Wright
On Behalf Of:
Committee: House Committee On Rules
Measure: HB4131

Dear committee members,

I find it very disturbing and discouraging to know that Portland is seeking to weaken the important protections that you as legislators put in place in support of our first amendment rights. In agreement with the ACLU of Oregon:

I support HB 4131-3 - creates stronger & clearer protections for protestors & medics, as supported by civil rights advocates.

I oppose HB 4131-5 and HB 4131-6 - changes that would weaken protections for protestors & medics or create dangerous lack of clarity.

Thank you

Lisa Wright
