

Submitter: Archibald Millis

On Behalf Of:

Committee: House Committee On Environment and Natural Resources

Measure: SB1589

Strongly support SB1589 without further delay. The Willamette River is a treasured State and national natural resource. Natural Resources are to be protected for future generations. Small craft, kayaks, canoes and Paddle Boards should be able to share this waterway without being swamped or churned up. Delay allows further destruction. This is Oregon, we preserve our land and water resources.
