

Submitter: Christen Prudence
On Behalf Of:
Committee: Senate Committee On Education
Measure: SB1552

Dear Legislators,
I'm asking you to please support SB 1552. As a mother of two children, I want to have as many options as possible when it comes to selecting the best education for them. Every child is different and has unique learning needs, and opening up more choices to support them is necessary and so helpful in making them thrive. Please pass SB 1552.

Thank you,
Christen Prudence
