On Behalf Of: Free Society  
Committee: Joint Committee On Farm Worker Overtime  
Measure: HB4002

This bill is just continuation of Global socialism, and the United Nations ongoing push against the "Individual" and to the "Collective" prior to the destruction of small town America.

SO one can grasp the relationship between this bill and the above, I provide the UNESCO ( UN ) Education Philosophy by the First Director Sir Julian Huxley: This is a quote:

My pre-quote statement is first.

This below statement describes the Educational programming that all American Students received after the program was installed in Schools across the Nation. Is it any wonder the students today do not grasp the benevolence, Constitutional ideals, humanism, inculcated in the Declaration of Independence, Bill of Rights, and Constitution? No it is not. and must be repaired. The repair process, will only come from WE the owners of Government at all levels. Act, for we have much to lose - LT. Robert K. Powell

1946 - 1948: 1948: UNESCO: Its Purpose and Its Philosophy by Sir Julian Huxley (the first director-general of UNESCO, 1946-1948) is published, in which he declares: "The general philosophy of UNESCO should be a scientific world humanism, global in extent and evolutionary in background..."

In its education program it can stress the ultimate need for world political unity and familiarize all peoples with the implications of the transfer of full sovereignty from separate nations to a world organization...

Political unification in some sort of world government will be required...Tasks for the media division of UNESCO (will be) to promote the growth of a common outlook shared by all nations and cultures...to help the emergence of a single world culture...

Even though it is quite true that any radical eugenic policy will be for many years politically and psychologically impossible, it will be important for UNESCO to see that the eugenic problem is examined with the greatest care, and that the public mind is informed of the issues at stake so that much that now is unthinkable may at least become thinkable."

Excerpts from this volume was reproduced under the title, "A New World Vision" (The Humanist, March/April 1979), and the Fabian Socialist Huxley, who was named 1962 "Humanist of the Year," elsewhere said that humanism's "keynote, the central concept to which all its details are related, is evolution."

To end this Testimony - Everyone who received this Education should read this quote from Sir Julian Huxley. Second, he also initiated the "Wildlife Defense Fund" in 1961, to begin the process of property rights removal, human culling through Eugenics, and more.
