

# EDUCATOR ADVANCEMENT COUNCIL

*Moving Oregon Education Forward*

“

*Whereas high quality educator preparation and ongoing, effective professional learning and supports for educators are critical variables to excellent teaching, improved student learning, and educator retention*

*Senate Bill 182, 2017*

# ABOUT US

Launched in 2018, the Educator Advancement Council (EAC) is an innovative state partnership that coordinates a systemic approach to continuously assessing needs as well as coordinating priorities for services and resources to support Oregon educators.

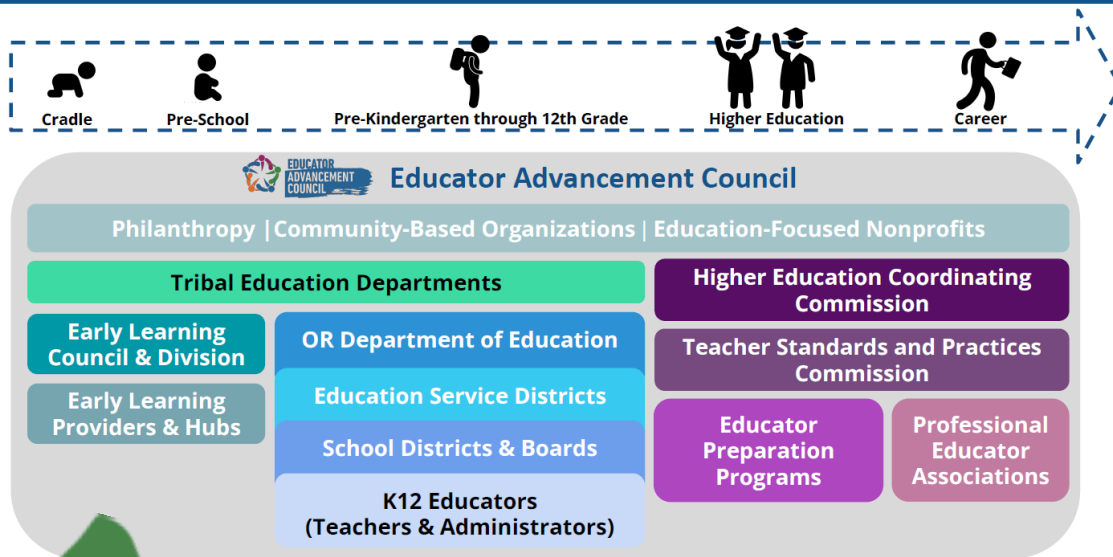

The EAC works to ensure students experience high quality learning, in particular students of color, students with disabilities, emerging bilingual students, and students navigating poverty, houselessness, and foster care.

# WHY WE'RE DIFFERENT...

The EAC occupies a unique space as a decision-making body that directs the use of state resources for educator workforce development. The EAC represents educators across the state, as well as representatives from across the P-20 education system. Each box represents a seat or organization on our collective council.

How does the EAC fit into Oregon's P-20 education system?

## OUR MISSION

The Educator Advancement Council strives to create a community of collaborative leadership and innovative partnerships that work to leverage our resources for collective impact. Our goal is to offer programs that create long-lasting change for our educators and students.

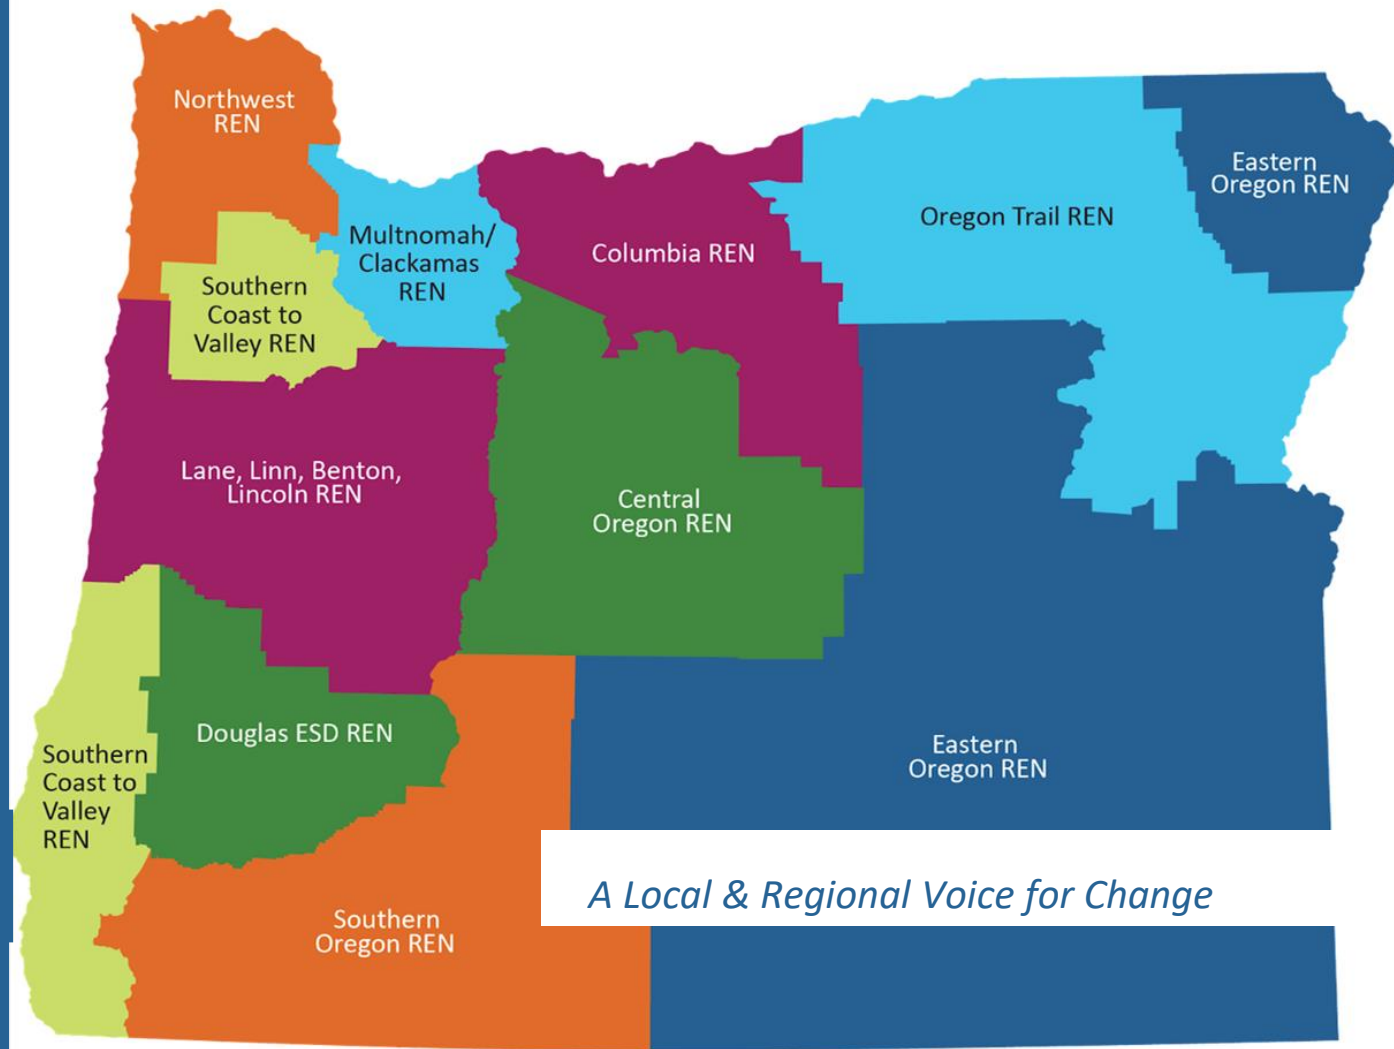

# PROGRAMS & INITIATIVES

*A Different Way of Thinking...*

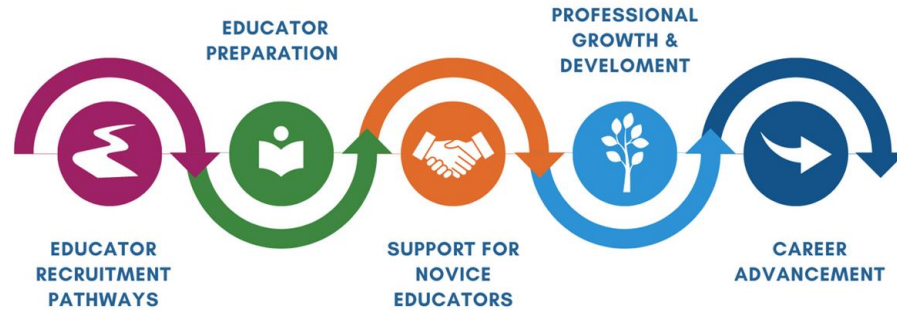

**EDUCATOR  
ADVANCEMENT  
COUNCIL**

# Regional Educator Networks

# REGIONAL EDUCATOR NETWORK GOALS

## EDUCATOR ADVANCEMENT CONTINUUM

- Enhance a **culture of collaborative leadership** that elevates and advances the profession
- Provide open access to **high-quality professional learning** and support that reflects educator voices, local contexts, and career stages
- Strengthen and enhance existing **evidence-based practices** that **improve student achievement** and that reflect changing student needs and demographics
- Improve the recruitment, preparation, induction, and support of educators at **each career stage**, as well as leadership and career advancement opportunities
