**EFFECT OF AMENDMENT:**

No amendment.

**BACKGROUND:**

The Public Employees Retirement System (PERS) administers the retirement system for public employees in Oregon. The Public Employees' Benefits Board (Board) provides group benefit plans for eligible employees. Benefit plans include such things as dental, medical, vision, and disability insurance. Eligible employee is defined in law and includes officers or employees of state agencies or local government, whether or not retired.

Oregon law requires the Board to contract for health benefit plans to meet the needs of eligible employees. The Board is also required to adopt policies to limit annual premium increases.

Senate Bill 403 allows a person who retires as a police officer from the Department of State Police to participate in group health benefit plan offered by the Public Employees' Benefits Board with no increase in premiums.
