

# System Security

Senate Committee on Energy and Environment  
January 26, 2023

# Security Threat Preparedness

- Ongoing collaboration with Transportation Security Administration, Joint Terrorism Task Force, American Gas Association and other utilities
- Security audits completed in 2022 of all critical infrastructure locations by TSA
- Internal security assessments completed of all facilities and infrastructure
- Ranked criticality of all facilities and infrastructure
  - Capacity, customers served, workarounds / redundancy, vulnerabilities
- Physical security enhancements / multi year program
- Cross functional security steering committee
  - Establishes physical security objectives
  - Prioritizes physical security work
  - Ensures coordination across the business
- Security updates and reminders shared with operations management
