BACKGROUND:

The 1979 Legislative Assembly enacted a surplus kicker statute along with a spending limit and a tax plan. Voters approved this package in the 1980 primary election. The 1999 Legislative Assembly referred a constitutional amendment placing much of the kicker statute in the Oregon Constitution. Voters approved that amendment in November 2000. The constitutional provision first applied to the kicker calculation following the 2001-2003 biennium. In 2012, Oregonians passed Ballot Measure 85 requiring the corporate kicker be dedicated to public K-12 education. Then in 2013, the Legislative Assembly enacted House Bill 2325, directing excess revenues from corporate income and excise taxes to the State School Fund.

House Bill 2257 establishes a new fund for construction projects related to school safety and requires the Legislative Assembly, to the extent practicable, to allocate corporate kicker to the new fund.
