- 1980s: Oregon state government's enterprise HR and payroll systems were custom built and served employees until the 2020's.
- Technology advanced and the need to replace the 30+ year old legacy systems (PPDB and ePayroll) with a modern HR and payroll system (Workday Payroll) became apparent.
- 2019: The legacy HR system was replaced with Workday.
- 2021: Implementation of Workday Learning
- 2022: ePayroll replaced by Workday Payroll and Time Tracking

Payroll and Time Tracking Replacement Project Background and Purpose

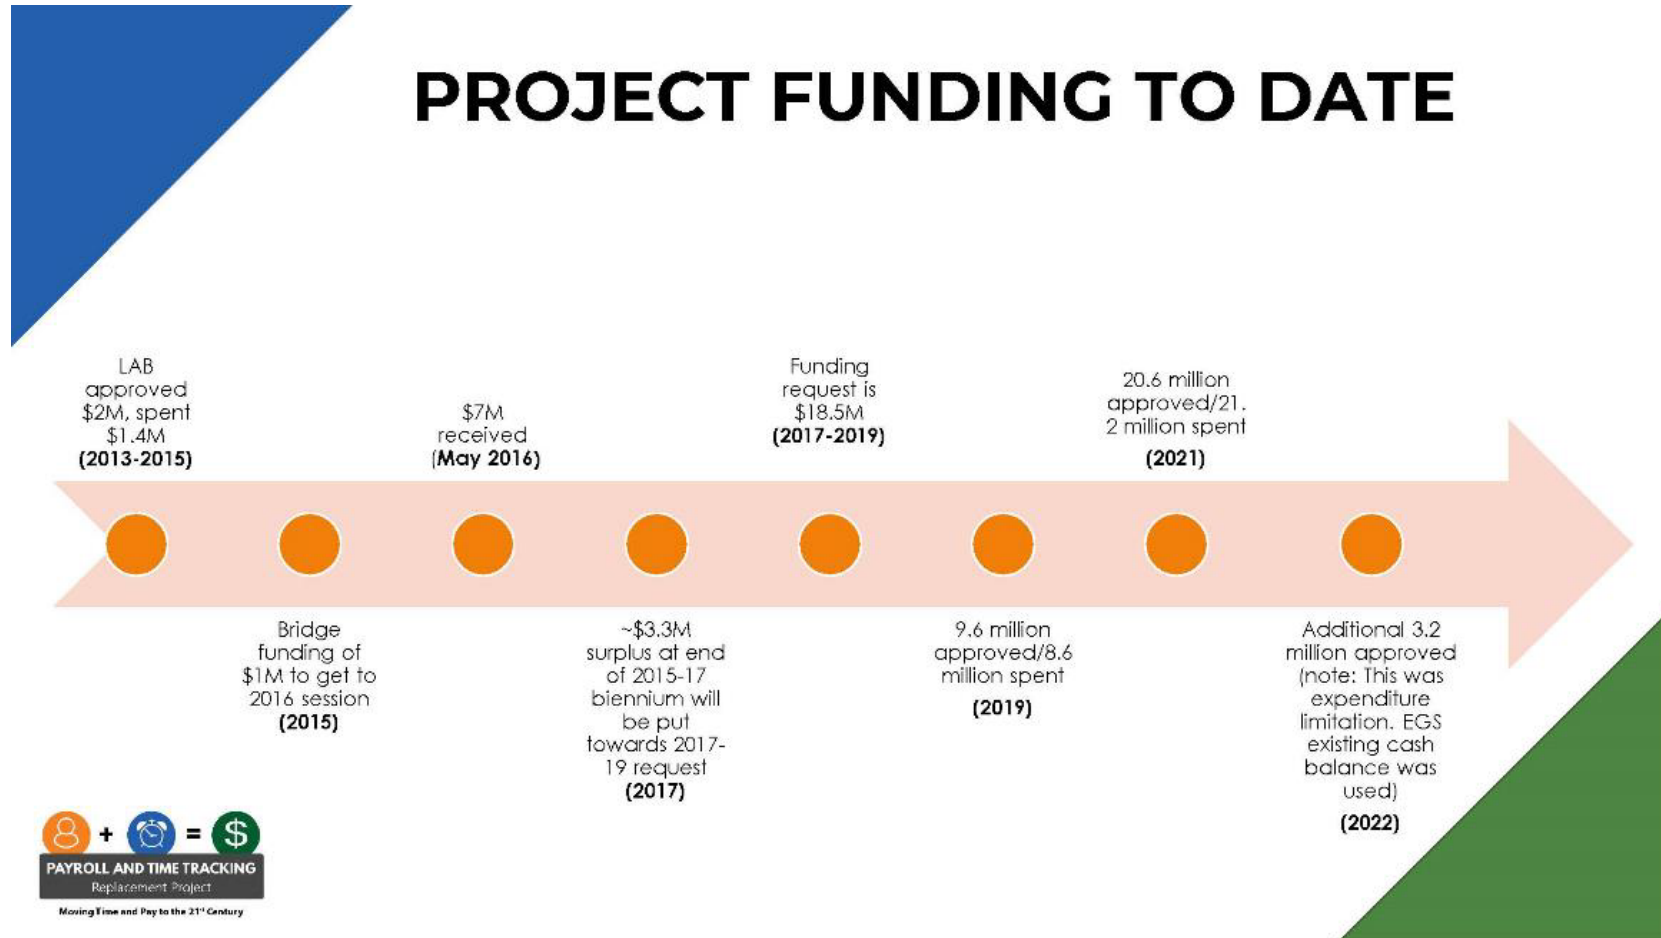

Integrated functionality on a single platform

Payroll and Time Tracking Replacement Project Background and Purpose

PROJECT FUNDING TO DATE

Project updates improve HR, payroll, and employee recording keeping for approximately 45,000 employees across all three branches of state government.

Planning Efforts

Payroll and Time Tracking Replacement Project Implementation and Go-Live

System Issues

- System issues impacted a smaller percentage of employees; the vast majority were paid accurately and on-time.
 - Overpayment
 - Underpayment
- Prioritized corrections for underpayments
- Agency payroll offices fielded questions from employees and escalated questions to DAS Payroll

Other Issues

- Retroactive changes to timesheets
- Incorrect union member lists
- Account numbers erroneously changed
- Learning curve

Payroll and Time Tracking Replacement Project Moving Forward

As expected, there have been issues while modernizing.

As issues arise, payroll has been identifying those issues and finding solutions as quickly as possible.

Issue	Description	Status as of 2/23/2023
Overpayments	For various reasons, some employees received an overpayment, and will now have to work with their agency on repayment plans.	Corrected in the system, employees should work with agencies on repayment.
Direct Deposit Account Numbers	In the transfer of data to Workday, some bank account numbers were erroneously updated, dropping a number in the sequence.	Accounts have been corrected in the system, affected employees have been encouraged to re-verify information in Workday.
Long Term Care Deduction	December deduction for long term care election was not deducted from the Jan 3 pay.	The December deduction will be added to the January deduction in the Feb 1 pay. Affected employees have been notified.
Mid-Month Compensation or Position Changes	Some employees with a mid-month change were underpaid by eight hours.	The payroll team and the vendor found a solution for this issue before the second run of payroll in February.

Moving Time & Pay to the 21st Century

Continued communications for employees

Ongoing support for payroll teams

Active partnership with vendors to resolve outstanding issues

Lessons learned sessions with key stakeholders
