Day 1 – Agency Purpose, Budget, Programs

Day 2 – Programs, Office of Child Care, Employment Related Day Care

Day 3 – Strategic Priorities, Policy Packages, Looking Ahead

DELIC Overview

The Department of Early Learning and Care (DELIC) was created to unify and strengthen Oregon's early learning and child care system so that families with young children have access to early learning services, supports and information they need to thrive.

Mission & Vision

Mission

The Department of Early Learning and Care fosters coordinated, culturally appropriate, and family-centered services that recognize and respect the needs of all children, families and early learning and care professionals.

Vision

All children, families, early care and education professionals, and communities are supported and empowered to thrive.

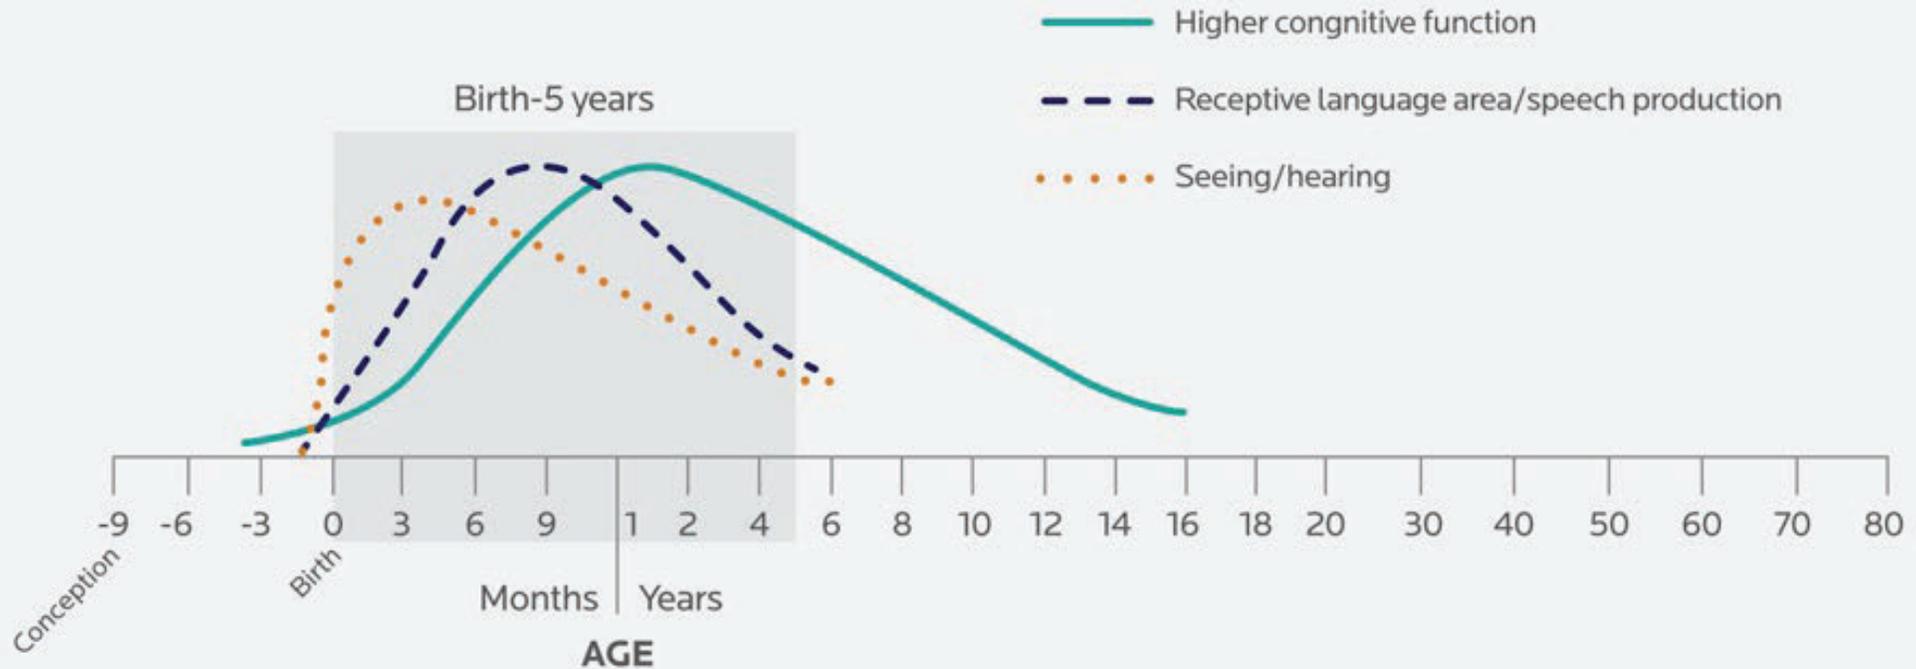

Why Early Learning and Care Matters

The science of child development underscores the importance of the first 2,000 days of childhood.

Strategic Priorities

- 1** Families with young children have access to the services, supports and information they need to thrive;
- 2** The early childhood educator and child care workforce is supported to serve families and is recognized as a professional workforce;
- 3** Sustainable operations of the new Department of Early Learning and Care to provide necessary infrastructure for the early learning and child care system.

Budget Overview

Linnea Wittekind, budget services director

Community-Informed Budget Development

- While recent state investments have expanded access to publicly funded preschool programs, many eligible children and families still lack access.
- The current per child funding models for early learning programs is not sufficient to fully support quality and increased operating costs, particularly for the wages and benefits needed to attract and retain a qualified workforce.

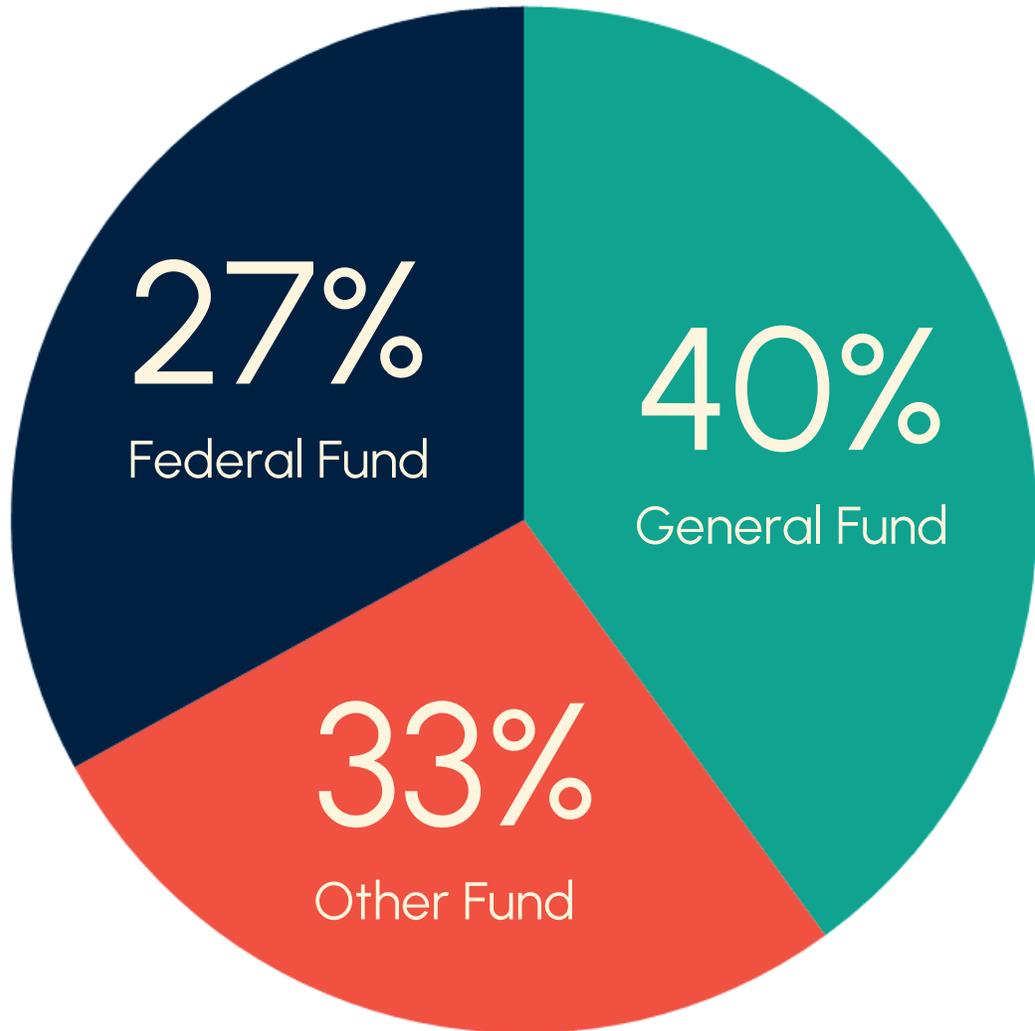

Community and Provider Engagement Feedback:

- All programs need to see increased compensation to compete with K-12 and other non-education sectors as well as consistency between programs with similar requirements (wages, health, dental, retirement).
- Current funding allocations for transportation limits access for home-based child care and early learning providers to participate in publicly-funded programs.
- Additional resources are necessary to support children with special needs through low-ratio classroom settings.
- Preschool Promise needs to offer year-round or extended hours with increased resources to better meet needs of families.

Office of Child Care

Alicia Gardiner, Office of Child Care Director

Office of Child Care

The **Office of Child Care's (OCC)** primary function is to inspect and license child care programs. OCC ensures health and safety of children in child care by:

- Rulemaking, technical assistance, and compliance assessments.
- Approaching compliance with health and safety standards through education and providing resources, while maintaining a strong customer service lens to ensure license holders have all the information they need to be successful.
- Conducting comprehensive background checks.

Licensing and Compliance

Licensing - conducts inspections of child care facilities to assess compliance with child care rules, and to provide technical assistance and resources to child care providers to maintain compliance.

Investigations - Conducts complaint visits, unlawful care and tandem visits with OTIS on abuse and neglect allegations in child care.

Compliance, Legal and Enforcement - Oversees legal actions and hearings with progressive sanctioning starting at the lowest level before taking stronger legal actions when noncompliance is observed, while prioritizing child health and safety when deciding the course of action.

Central Background Registry (CBR) and Customer Service

Customer Service - supports OCC by responding to inquiries from the public, providers, and other interested parties.

Intake - verifies accuracy on all incoming applications (CBR/Facility) in multiple state data systems.

Background - conducts background checks for licensed, recorded programs and license-exempt child care providers in the state to determine the eligibility of individuals to be enrolled in OCC's Central Background.

Future Strategies:

The Office of Child Care supports Oregon's child care community by ensuring a healthy and safe environment for all children in care through consistent and equitable regulation by:

- Strengthening Trust and Relationships
- Building Supportive Regulatory Tools and Technical Assistance
- Enhancing Operational Excellence
- Collecting Data and Developing Meaningful KPMs

Employment Related Day Care (ERDC)

David Mandell, Chief of Policy & Research

ERDC Program Overview

ERDC provides financial assistance to low-income families so children have access to stable child care and families can work or attend school.

ERDC will move from the Oregon Department of Human Services (ODHS) on July 1, 2023.

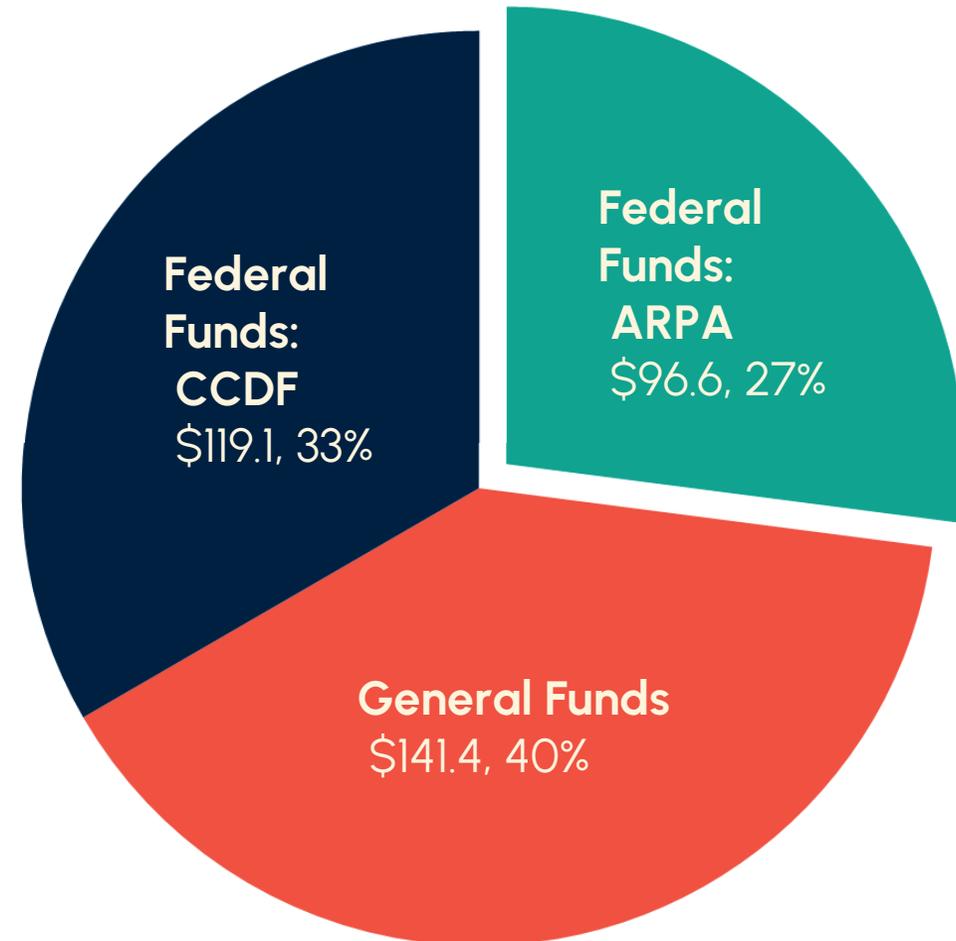

Employment Related Day Care (Grant in Aid)

2023-25 Governor's Budget

Total All Funds:
\$357.1 million

Who is eligible for ERDC?

To be eligible, families must:

- Have income beneath 200% of the Federal Poverty Level at application; and
- Be working or in school.
- Families can choose a licensed or a license-exempt provider that is an approved ERDC provider.

ERDC by the Numbers

Over 17,000
children

Over 9,000
families

Over 3,000
providers

Avg. cost per
case: \$1,538

Avg. copay
per family:
\$14.51/month

How does ERDC work?

ERDC helps families with the cost of child care by making payments on their behalf to their chosen child care provider.

Family applies for subsidy via the ONE system and is determined eligible

Family reports their chosen child care provider to the Direct Pay Unit or their eligibility worker

Billing forms are sent at the beginning of each month to the family's chosen child care provider

Provider submits billing form to Direct Pay Unit for payment on family's behalf

Payments are made up to state maximum child care rates based on child age, family's eligible hours/provider's billed hours, region of the state, and child care provider type

ERDC Administration: Who will do what?

DELC

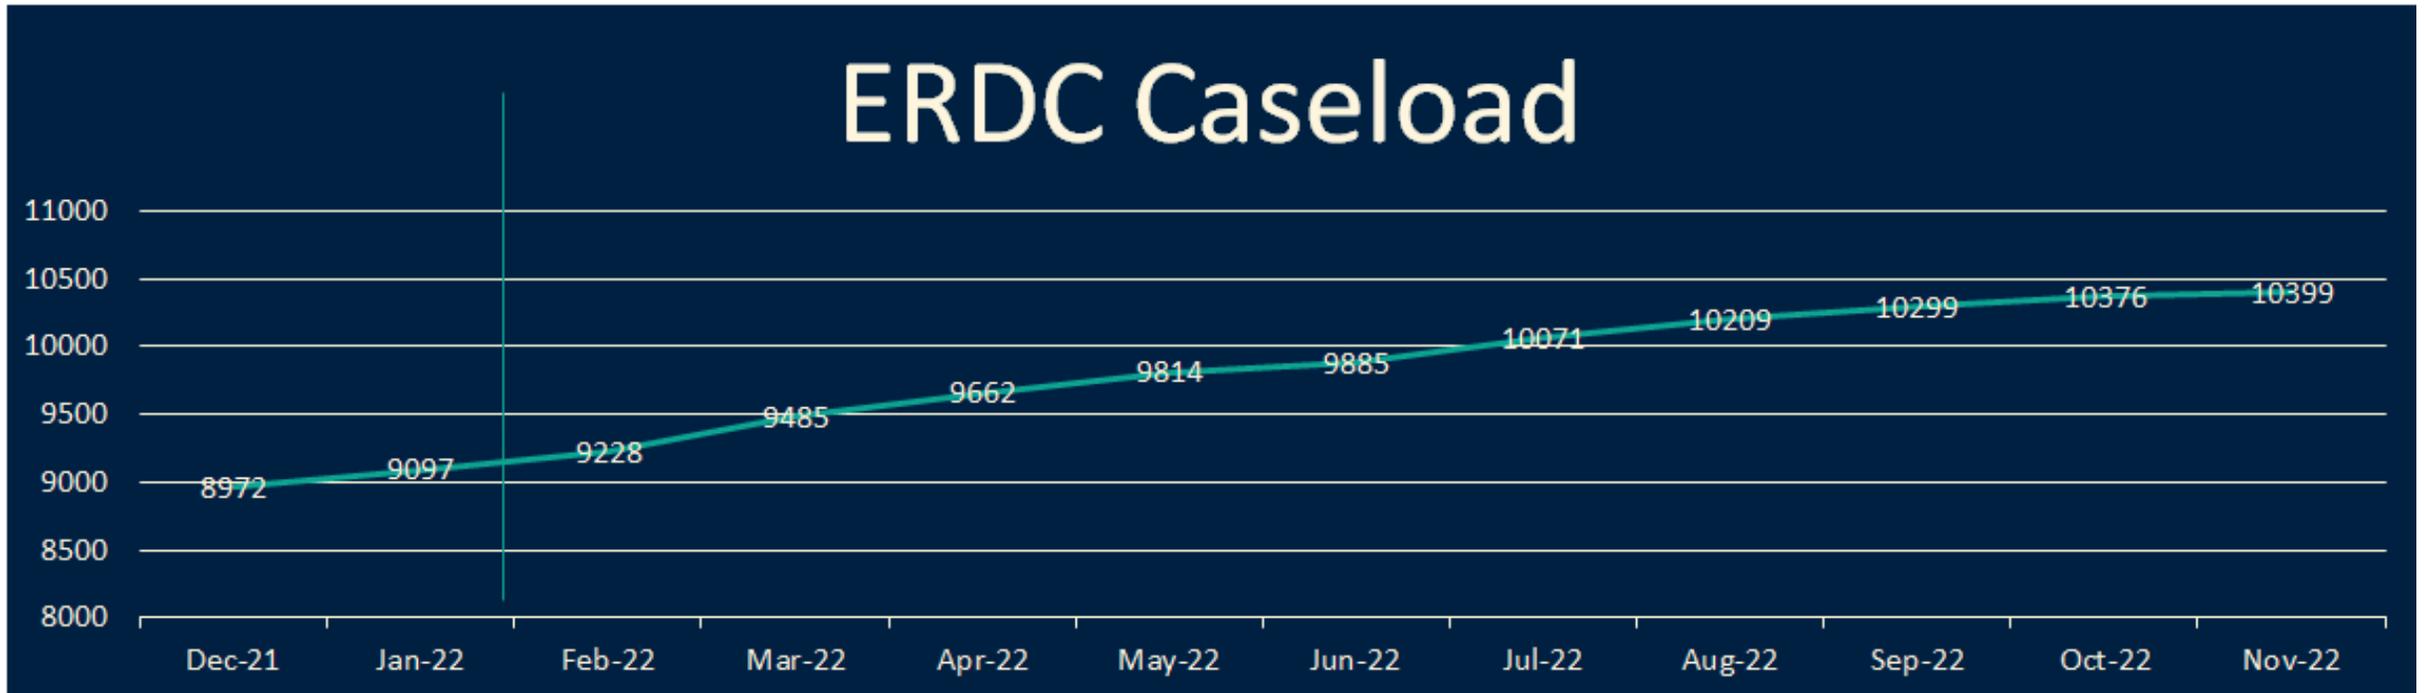

- Set policy parameters for ERDC, monitor program performance
- Ensure CCDF compliance, receive CCDF funds
- Staff supporting ERDC at DELC
 - **Child Care Policy Team** helps develop and administer child care programs and coordinates with other state staff to make sure families can access care
 - **Direct Pay Unit** helps ensure providers get listed – meaning able to receive child care subsidies – and paid, as well as delivers customer service to providers
 - The **Subsidy Suspensions** team handles complaints and compliance matters related to listed providers

ODHS

- Continue to make eligibility determinations as part of ONE
- Until Provider Management Platform LIVE, make provider payments
- Shared Services
 - One Eligibility Partnership
 - Quality Assurance (QA)
 - Quality Control (QC)
 - Hearings
 - Office of Research , Reporting, Analytics and Implementation (ORRAI)
 - Office of Payment, Accuracy and Recovery (OPAR)
 - Information and Records Management (IRMS)
 - Training
- Systems Management (Office of Information Services (OIS), Main Frame (MF))

HB 3073 ERDC Policy Changes

January 2023:

- ✓ Expanded student eligibility
- ✓ Part time/Full time Child care hours Authorizations
- ✓ Authorized medical leave
- ✓ Sleep hours for two-caretaker households

July 2023

- Protected 12-month eligibility
- Categorical eligibility for TANF families

Spring 2024 (tentative):

- Eligibility for children regardless of legal/citizenship status

Opportunities and Challenges

1

Impact of ERDC policy changes on caseload and cost per case

2

Ability of ERDC families to find child care providers willing to participate in ERDC

3

Future federal appropriations for CCDF

4

2025-27 biennium fiscal cliff from end of one-time ARPA federal funds

5

Implementation of new methodology based on cost of quality care for setting ERDC reimbursement rates

Strategic Priorities

- 1** Families with young children have **access to the services,** supports and information they need to thrive;
- 2** The early childhood educator and child care **workforce is supported** to serve families and is recognized as a professional workforce;

Child Care Availability: Six Year Trends

Data Source: OCC's Child Care Regulatory Information System (CCRIS)

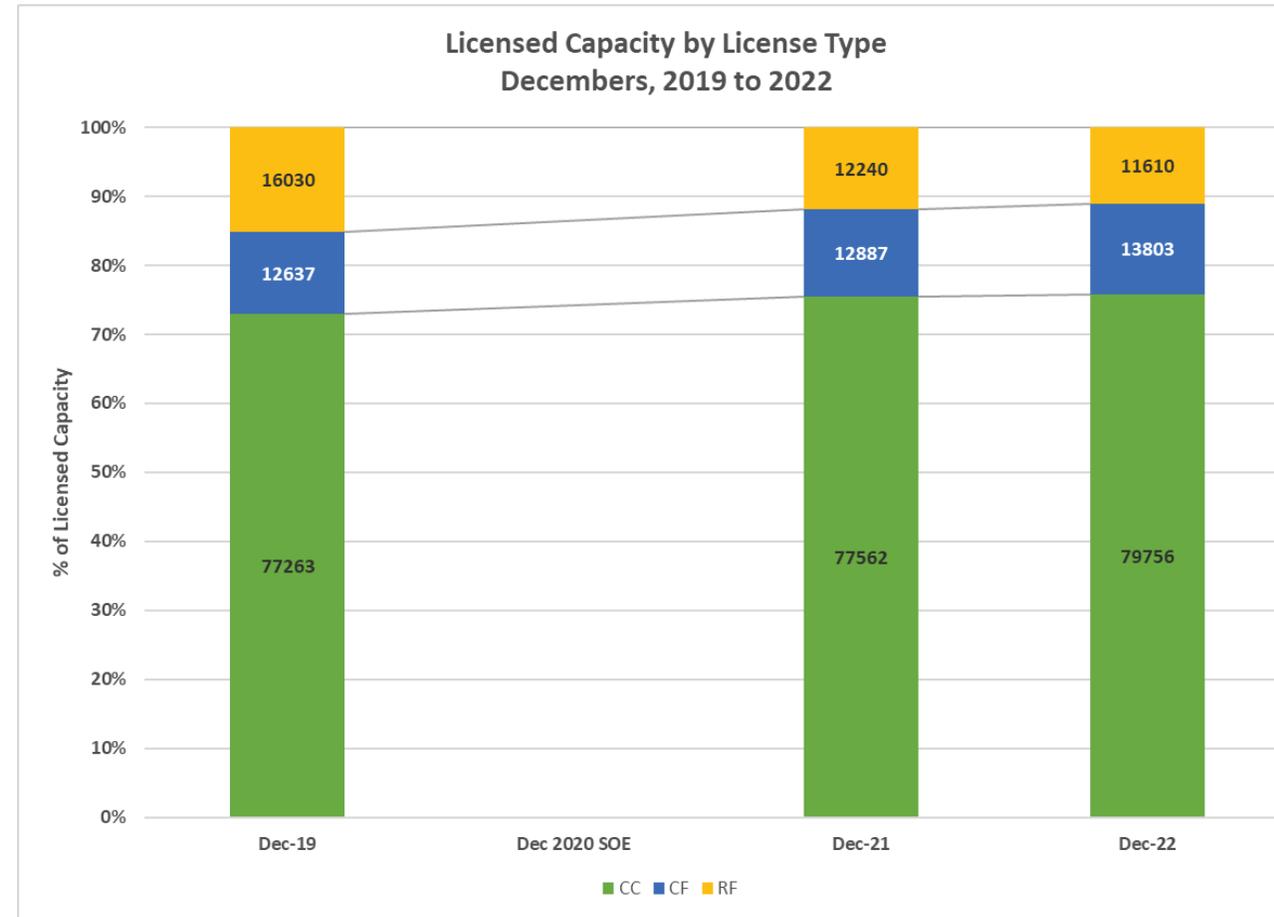

Licensed Capacity by Type: Pre-COVID to Current

76% of Licensed Capacity exists in Center-Based Programs (CC)

Compared to December 2019, we see:
28% decrease in small family home licensed capacity (RF)

9% increase in large family home capacity (CF)

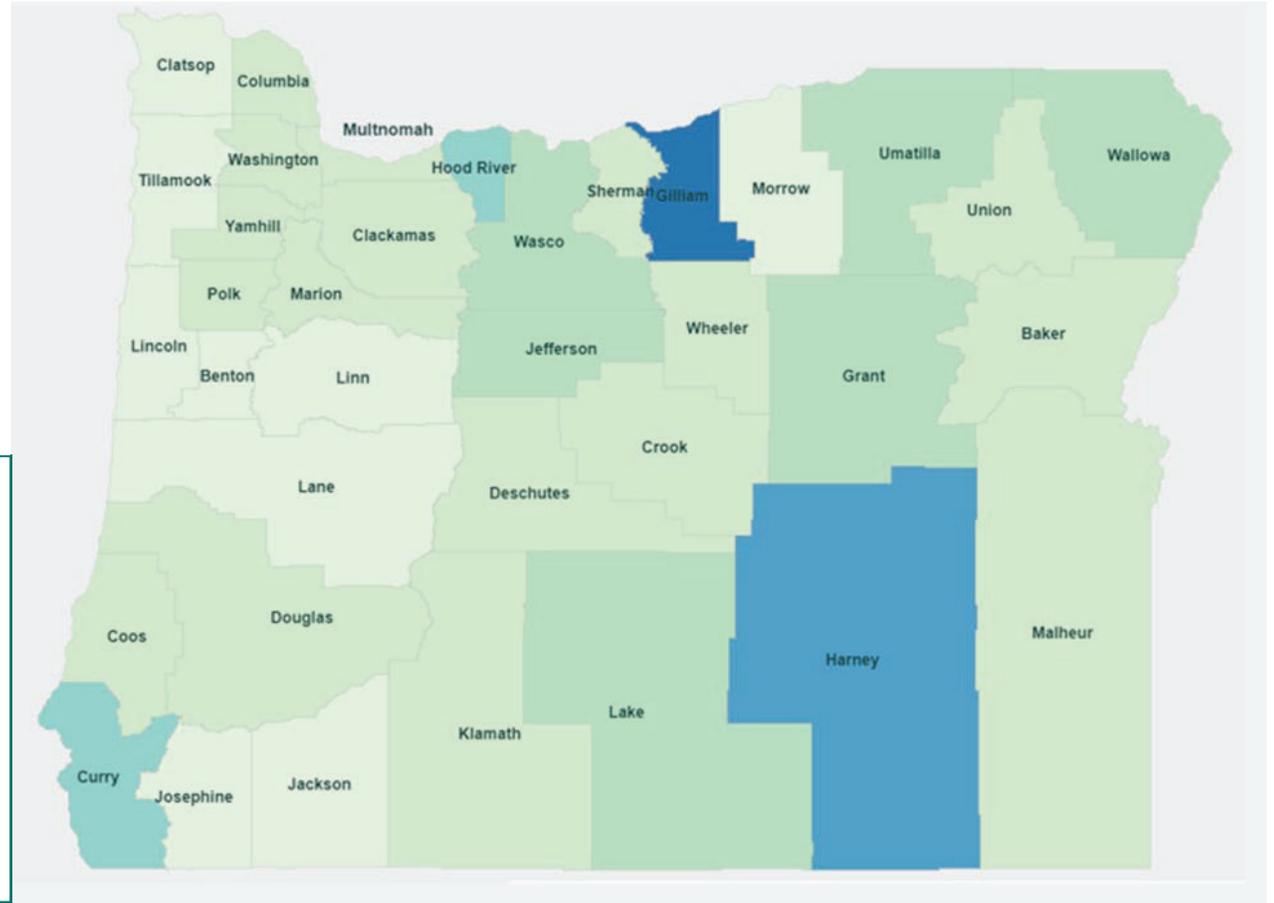

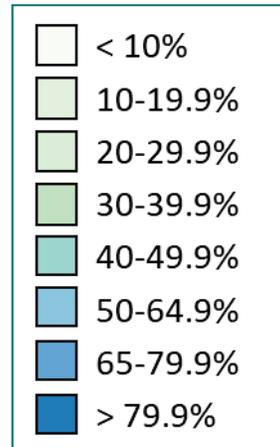

3% increase in center-based capacity (CC)

Percentage of Children Under 5 with Access to a Publicly Funded Early Learning Slot

In the majority of Oregon's counties, less than 40% of eligible children under 5 years have access to a publicly funded slot.

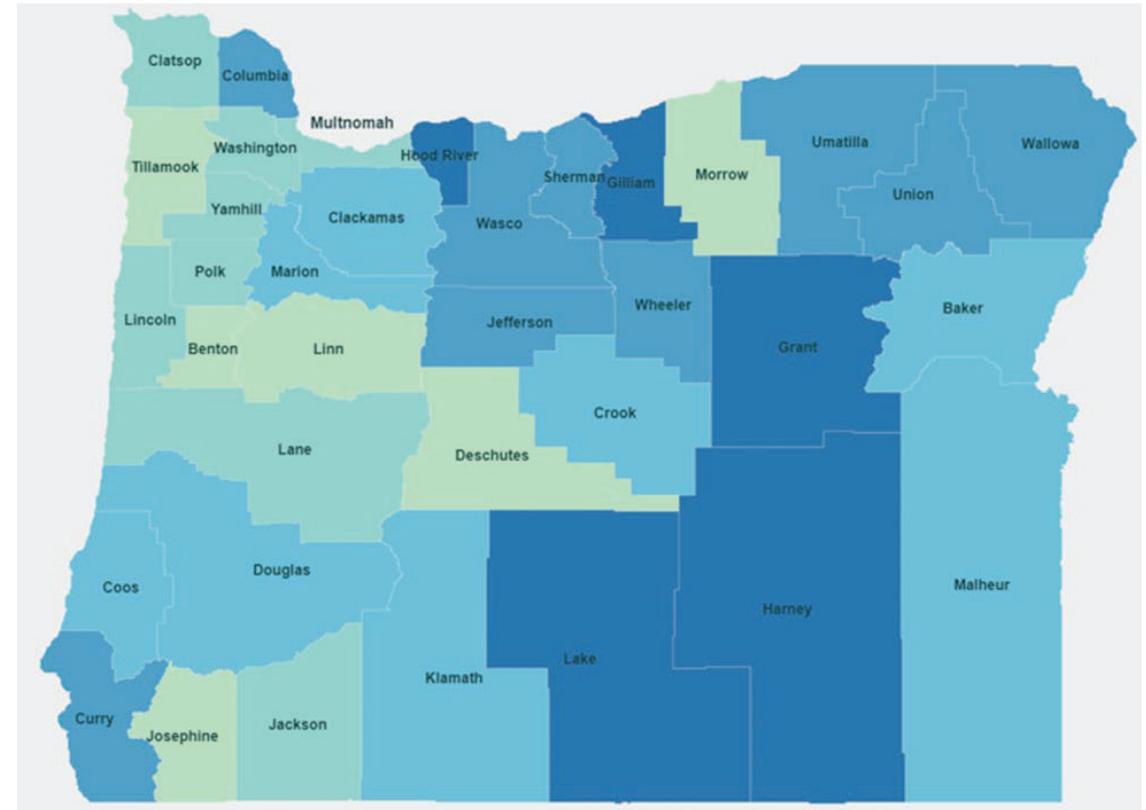

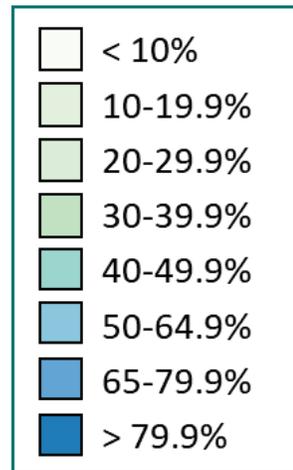

Note: Data includes 2022-23 slot estimates for the following programs: Baby Promise, Preschool Promise, Oregon Prenatal to Kindergarten and federal Head Start/Early Head Start. Tribal Head Start, Migrant & Seasonal Head Start, and other publicly funded program data are not included. Source: Early Learning Division
Total population defined as children ages 0-4 living in families below 200% of the Federal Poverty Level; Source: 2020 ACS 5-Year Estimates, Table B17024

Percentage of Preschool Age Children with Access to a Publicly Funded Early Learning Slot

Recent expansion in preschool programs has increased access for preschool aged children (ages 3 and 4).

Many counties now have access rates above 50%, with 5 counties meeting saturation goals of 80% or more.

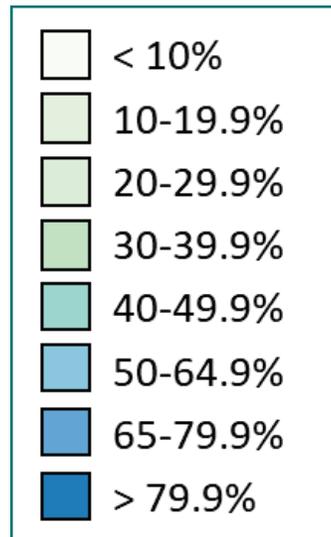

Note: Data includes 2022-23 slot estimates for the following programs: Preschool Promise, Oregon Pre-Kindergarten and federal Head Start. Tribal Head Start, Migrant & Seasonal Head Start, and other publicly funded program data are not included. Source: Early Learning Division

Governor's Budget: Promoting Access to Services

Recognizes increasing operating costs and allocating resources to increase compensation for our early learning educators will allow programs to recruit and retain the qualified workforce needed to maintain and increase access to early learning and programs

Reduces barriers for access with inclusive classrooms and transportation

Maintains compliance with quality program standards

Strategic Priorities

- 1** Families with young children have **access to the services,** supports and information they need to thrive;
- 2** The early childhood educator and child care **workforce is supported** to serve families and is recognized as a professional workforce;
- 3** **Sustainable operations** of the new Department of Early Learning and Care to provide necessary infrastructure for the early learning and child care system.

Governor's Budget: Sustaining DELC Operations

Funds foundational functions for a new agency, such as payroll, auditing, and HR capacity

Right-sizes Office of Child Care licensing capacity for current-state services

Invests in IT costs associated with ERDC program implementation

Governor's Budget and Policy Packages

Linnea Wittekind, Budget Services Director

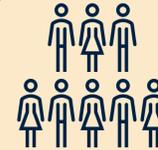

Governor's Budget Key Impacts

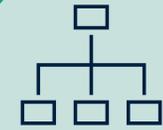

The Governor's Budget represents a 6.9% increase above Current Service Level

Existing programs are stabilized to realize fully-funded service level by addressing increased operational costs

The workforce is supported with investments in compensation and subsidy rates.

DELC continues to see investments in operational sustainability with additional capacity to support staffing and quality assurance to meet the needs of Oregonians.

Implementing Governor's Budget

SB 427:

- Additional statutory authority to support ERDC program
- Clarifies use of Early Learning Account by DELC and Department of Education
- Preserves ability to expend legislatively directed appropriations
- Aligns procurement authority with DELC charges
- Ensure appropriate delegation authority for Director

LC 508:

- OPK ability to move to multi-year grant agreements

LC 485:

- Ability to share information between OCC and other DELC staff

Planning for the Future

The creation of DELC is an opportunity for long-term cost containment

- Establishing policies, processes and procedures across the agency that are responsive to the needs of DELC partners, particularly home-based child care providers
- Aligning and coordinating policies and data collection across programs to reduce the burden on grantees and create internal efficiencies for information processing
- Replacing legacy IT systems
 - Grants Management
 - Provider Payments
