Takes effect on 91st day following adjournment sine die.

ISSUES DISCUSSED:

EFFECT OF AMENDMENT:

No amendment.

BACKGROUND:

The Secretary of State (SOS) Corporation Division assists the public in registering business entities, filing public notice of records of debt, and providing certification of records and notarized documents. The Division also provides access to public record information in the form of copies, certificates, lien searches, computer reports, and online database access to allow the public and businesses to know with whom they are doing business.

ORS 60.004 (2)(b), 63.004 (2)(b) or 65.004 (2)(b) specify the filing requirements for private corporations, limited liability companies, and nonprofit corporations, respectively. Each statute states that the person signing the document must declare that the "document does not fraudulently conceal, fraudulently obscure, fraudulently alter or otherwise misrepresent the identity of the person or any of the directors, officers, employees or agents of the corporation on behalf of which the person signs."

House Bill 2108 A removes the requirement for the SOS to issue written notification and wait 20 days before withdrawing any certificate of filing or document submitted for filing and instead requires a statement specifying reasons for the withdrawal and the nature of any other actions taken. The measure also clarifies that a document filed between January 1, 2020, and the effective date of measure is not invalid because the SOS accepted the document for filing without the declaration required under ORS 60.004 (2)(b), 63.004 (2)(b) or 65.004 (2)(b).
