BACKGROUND:

In 2019, the Oregon Legislature passed House Bill 2829 establishing the Oregon Conservation and Recreation Fund (OCRF), along with an associated Advisory Committee to guide expenditures, and directing the Oregon Department of Fish and Wildlife (ODFW) to use the fund to carry out activities to protect, maintain, or enhance fish and wildlife resources in Oregon.

House Bill 2835 would direct ODFW in consultation with the Advisory Committee to establish a pilot program to award grants for recreational fishing facilities within urban growth boundary and to submit a progress report to the natural resources-related interim committee of Legislative Assembly by September 15, 2026.
