#### WHAT THE MEASURE DOES:

Authorizes public utility, upon approval by PUC, to issue bonds and securitize debt for costs and expenses incurred or to be incurred by public utility associated with events subject to federal or state declaration of emergency. Establishes criteria and procedures for PUC for approving public utility's application to designate rate recovery expenditures as bondable and establishes rate schedules to recover rate recovery expenditures. Pledges State of Oregon to not limit or alter collection of rate recovery assets or impair rate recovery bonds. Declares emergency, effective on passage.

#### ISSUES DISCUSSED:

##### EFFECT OF AMENDMENT:

No amendment.

##### BACKGROUND:

The Oregon Public Utility Commission (PUC) regulates investor-owned electric and natural gas utilities providing service to ensure they offer safe and reliable energy at reasonable rates. All regulated electric and natural gas utilities must seek PUC approval for all rate and service schedules, or tariffs.

According to the International Monetary Fund, "securitization is the process in which certain types of assets are pooled so that they can be repackaged into interest-bearing securities."

House Bill 3143 would authorize a public utility, upon approval by the Public Utility Commission, to issue bonds and securitize debt for costs and expenses incurred or to be incurred by a public utility associated with events subject to a federal or state declaration of emergency.
