Measure Description:

Requires state agencies that acquire public property to comply with local ordinances mandating notice to or consultation with local government or mandating compliance with conditions of local government.

Government Unit(s) Affected:

Statewide, Counties, Cities

Analysis:

This fiscal impact statement is for the purpose of transmitting the measure from the Senate Committee on Housing and Development to the Senate Committee on Rules.

The measure requires that before a state agency acquires any real property or interest in real property, except for highway right of way acquired by the Department of Transportation, the agency must comply with an ordinance of a local government that requires the agency to notify or to consult with the local government, or to comply with conditions of the local government. State agencies are prohibited from circumventing this requirement by providing grants to a nonprofit organization to purchase real property or an interest in real property.

A more complete fiscal analysis on the measure will be prepared as the measure is considered in the Senate Committee on Rules.
