

SUBCOMMITTEE RECOMMENDATION

Department of Transportation Commercial Vehicle Database and Financial Transaction System

To: Ways and Means Full Committee
From: Transportation and Economic Development Subcommittee
Carrier: Senator Hansell

On March 9th, the Transportation and Economic Development Subcommittee recommended approval of the submission of a federal grant application from the Department of Transportation to the Federal Motor Carrier Safety Administration in the amount of \$2,000,000 for the Department's Commercial Vehicle Database and Financial Transaction System Replacement Project.

ODOT's existing system is a mainframe platform with limited functionality and reporting capability. If awarded, the grant will support the first phase of the system replacement project, including initiation, requirements gathering, design and planning. While no matching funds are required, ODOT will contribute \$3 million in operating resources from the Commerce and Compliance division operating budget.

ODOT will seek additional Federal Funds expenditure limitation if the grant is awarded.

The Transportation and Economic Development Subcommittee recommends approval.
