

SB 130

FISH SCREENS AND FISHWAY TAX CREDIT

Alan Ritchey
Fish Screens and Passage
Program Manager

Fish Screens

- Prevent fish injury, mortality, and removal
- Focused on downstream migration and resident species
- Gravity and pumped diversions
- Water user benefits

Fish Passage

- Fishways eligible for tax credit.
- Focused on upstream migration.
- Provide access to important habitat and cold water refuges.

Tax Credit

- 50% of cost to install, up to \$5000
- Important tool to incentivize screening and passage

39 Projects since 2017

~\$50K Tax credits issued
