BACKGROUND:

The Joint Task Force on Student Success for Underrepresented Students in Higher Education (JTUSHE) was a bicameral legislative task force established by House Bill 2590 (2021). The measure charged the task force with visiting public post-secondary institutions of education in order to meet with current, former, and prospective students from underrepresented backgrounds, and with developing policy and funding proposals that focus on increasing the likelihood of student success for underrepresented students in the areas of access, retention, graduation, and entry into the workforce. The task force approved its [Report on Findings and Recommendations for 2023 Legislative Session](#) on December 13, 2022. House Bill 2262 was among the legislation that the task force pre-session filed in accordance with the authority granted by House Bill 2590 (2021).

House Bill 2265 requires the Higher Education Coordinating Commission to study how to increase the percentage of students who graduate from public universities within four years and requires HECC to submit a report to the Legislative Assembly by September 15, 2024.
