Re: Rep. James Hieb's Declaration of Actual or Potential Conflict of Interest on HB 3005

Dear Chair Reynolds,

As stated in the Committee Hearing today, my family owns and manages multiple early learning and care facilities in Oregon. Please let this letter serve as notification that I or my relative may have a financial or other interest in the subject matter of House Bill 3005, which "Directs Housing and Community Services Department to provide financial assistance to eligible applicants to pay for allowable costs related to early child care infrastructure activities," and that it may be considered as constituting an actual or potential conflict of interest, as defined by ORS 244.020.

Thank you for your assistance.

Sincerely,

Representative James Hieb

Enclosure: HB 3005
