No amendment.

**BACKGROUND:**

The Public Employees Retirement System (PERS) provides retirement benefits for state employees and approximately 900 unites of local government. PERS is overseen by a five- member board that appoints an executive director to manage the agency's daily operations, including the management of benefits for more than 393,000 active, inactive, and retired members and beneficiaries.

From 1951 through December 31, 1986, the PERS Director was also the State of Oregon's social security administrator, responsible for collecting Federal Insurance Contribution Act (FICA) taxes for the federal Social Security Administration. The Internal Revenue Service now has the fiduciary responsibility to collect FICA. However, some references to the FICA collection by Oregon remain in statute.

House Bill 2285 removes outdated language regarding the collection and administration of FICA taxes at PERS and repeals a statute excluding these funds from the PERS budget.
