#### EFFECT OF AMENDMENT:

No amendment.

#### BACKGROUND:

Oregon's anti-robo-call statutes, ORS 646.569 and ORS 646A.374, prohibit calling someone on a do-not-call list and making scam robocalls. It is common for robocalls to originate outside the United States, using gateway providers and intermediate telemarketing providers to reach consumers. As a result, it can be difficult to enforce current law when violations occur.

House Bill 2759 A amends the anti-robo-call statutes to make persons who know or consciously avoids knowing that another person is engaging in a practice that violates anti-robo-call statutes liable for any loss and subject to any penalty for the violation to the same extent as the person who engaged in the violation.
