

PGE BIGLOW WINDFARM

A DISAPPOINTING EXPERIMENT

MOST OF THE VESTAS TOWERS LOOK LIKE THIS.

THESE TOWERS ARE SO
DIRTY THAT I INCLUDED
EACH TOWER NUMBER SO
THEY DON'T ALL LOOK LIKE
THE SAME TOWER.

ALL 76 VESTAS
TOWERS ARE
DIRTY, BUT THESE
ARE 38 OF THE
WORST.

NOSE PIECES
STILL ON THE
GROUND
OCTOBER
2021.

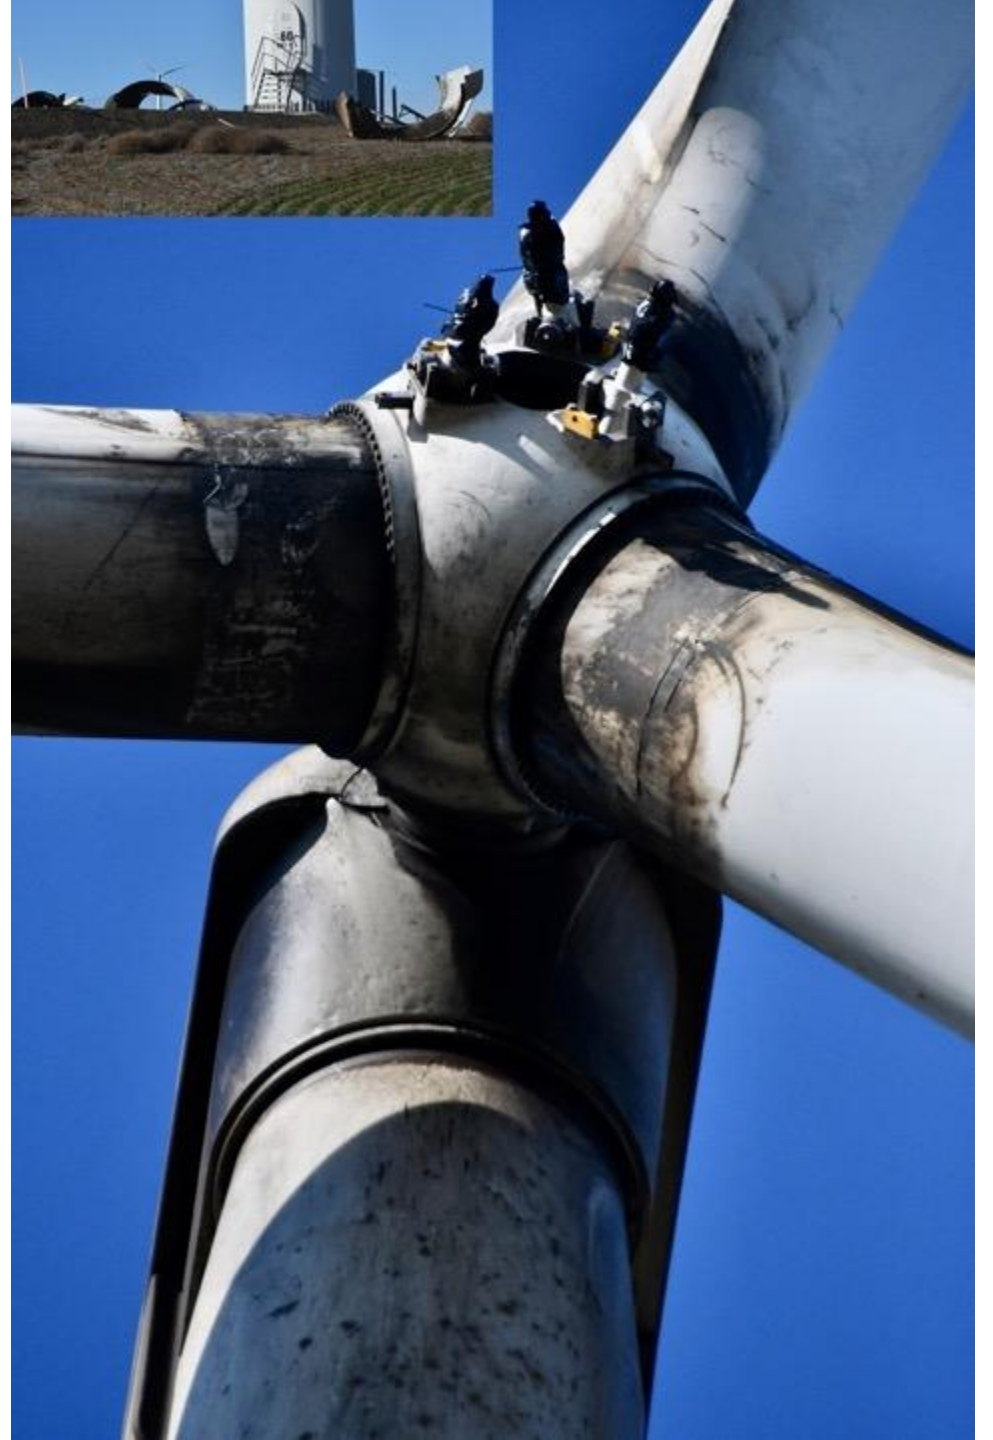

FEBRUARY 2022.
THE ROUNDED
CONE BLEW INTO
THE GULLY.

THIS IS AN
EMBARRASSMENT.

***Siemens ...cleaner but
starting to leak oil.***

WE USED TO BE SO EXCITED AND PROUD TO LIVE
UNDER BIGLOW.

THE VESTAS TOWERS STARTED LEAKING TEN
YEARS AGO, AT LEAST.

NO ONE CHANGED THE SEALS OR CYLINDERS.
OTHER V82s THAT HAD ISSUES AT OTHER
PROJECTS WERE FIXED.

WHEN WE COMPLAINED AGAIN A FEW YEARS
AGO, WE GOT THE IMPRESSION WE WERE A
THORN IN PGE'S SIDE INSTEAD OF THE PARTNERS
WE WERE ALWAYS TOLD WE WERE.

PGE BASICALLY SAID IT WAS THEIR PROJECT AND
NOT OURS.

DO YOU UNDERSTAND WHY WE ARE SO
DISAPPOINTED IN THIS PROJECT?

WE LIVE RIGHT
UNDER IT. THAT'S
OUR HOUSE AND
SHOP.

THE END?????
