No amendment.

BACKGROUND:

A water right is the right to use water for a beneficial purpose and specifies the quantity of water, point of diversion, place of use, type of use, season of use, and priority date. Using water in the absence of an official water right is a violation, however the Oregon Water Resources Department lacks the authority to apply to the courts for a temporary or permanent injunction.

House Bill 2929 A would give the Oregon Water Resources Department authority to seek permanent or temporary injunctive relief if a person has engaged in certain water use violations. The measure would sunset on January 2, 2030.
