BACKGROUND:

The Early Learning Division of the Oregon Department of Education was established by passage of [House Bill 3234 in 2013](#). That measure transferred certain duties previously assigned to the Early Learning Council to the Division.

HB 3558 STAFF MEASURE SUMMARY

Since that time, the Division has served to govern and manage most of the state's early child care and education programs and services. [House Bill 3073 \(2021\)](#) made the Early Learning Division into an independent state agency called the Department of Early Learning and Care (DELIC) and transferred responsibility of administration of the Employment Related Day Care program from the Department of Human Services to DELIC. [House Bill 4005 \(2022\)](#) extended the date by which the transition to independence would take place to July 1, 2023 and centralized responsibility for background checks for the Employment Related Day Care program providers in DELIC's Central Background Registry alongside other early learning program providers. The Office of Child Care within DELIC is responsible for regulating child care providers. Providers are required by law to comply with Office of Child Care regulations, including requirements to apply for certification, registration, or recording with the office. All staff and volunteers are required to be enrolled in the Central Background Registry. The Office of Child Care may also conduct investigations of programs and facilities to ensure compliance.

House Bill 3558 grants discretion to DELIC to organize itself into administrative divisions and modifies definitions and provisions relating to regulation of child care providers.
