WHO WE ARE

CSG West is a nonpartisan, nonprofit organization that fosters the exchange of insights and ideas among western state legislators and legislative staff, advocates multi-state partnerships, cultivates leadership, and promotes a regional vision based on common interests that transcend state and international borders. As one of the four regions of The Council of State Governments, a national community of states, CSG West engages members on a more intimate, regional level while also providing a national platform for the exchange of ideas and information.

WHAT WE DO

In support of our members, CSG West convenes a variety of programs and events that facilitate collaborative learning aimed at addressing regional concerns. This includes policy committees, policy academies, professional development training programs, and international relations opportunities designed to strengthen legislative institutions. Information about our 2023 committees, programs, services, and events is included in this booklet.

HOW WE ARE GOVERNED

CSG West is governed by our Officers and the Executive Committee, which is comprised of western legislative leaders. The Officers, which provide direct oversight of the organization, are elected annually and rotate in accordance with the organization's rules to ensure bipartisan governance. Acting as a governing board, the CSG West Executive Committee meets annually to review the work of policy committees, adopt policy positions, and review the ongoing development of the organization, as well as select participants for the Western Legislative Academy.
