**BACKGROUND:**

ORS 291.055(1)(e) stipulates that all new state agency fees or fee increases adopted between the date of adjournment sine die of a regular session of the Legislative Assembly, and the date of adjournment sine die of the next regular session of the Legislative Assembly, are rescinded upon adjournment sine die of the next regular session of the Legislative Assembly unless the fee is authorized by enabling legislation.

ORS 181A.870 allows the Board on Public Safety Standards and Training, in collaboration with the Private Security and Investigator Policy Committee, to establish fees for issuing certifications and licenses to private security providers. The fees may not exceed the costs for administration of the certification and licensing program, the criminal records check, and any training program required by rule. The most recent change to these fees was 2011 when some fees were reduced, and some date back to 2005.
