Paul Siebert, Deputy Legislative Fiscal Officer (Audit/IT)

To: Human Services Subcommittee

From: MaryMichelle Sosne, Legislative Fiscal Office

Date: May 22, 2023

Subject: HB 2574 – Relating to post-exposure prophylaxes
Work Session Recommendations

HB 2574 requires hospitals to adopt policies and procedures to dispense a five-day supply of human immunodeficiency virus (HIV) post-exposure prophylactic (PEP) drugs or therapies following an individual's exposure to HIV.

The Oregon Health Authority is directed to provide to each Type A or Type B hospital in Oregon with a 30-day supply of HIV PEP drugs or therapies once each calendar year. Hospitals are not obligated to accept this supply. Type A hospitals have 50 or fewer beds and are located 30 miles or more from another acute inpatient care facility. Type B hospitals have 50 or fewer beds and are 30 miles or less from another acute inpatient care facility.

Recommended Changes

LFO recommends adoption of the –A6 amendment. The -A6 amendment includes \$497,422 total funds (\$267,574 General Fund) and one new full-time permanent position (0.75) FTE for the 2023-25 biennium. Costs include \$166,028 General Fund to provide 33 Type A and Type B hospitals with a 30-day supply of HIV PEP drugs. The new full-time permanent position will create and maintain an inventory management system to track and manage HIV PEP drug supplies. Two existing positions will be repurposed to oversee, evaluate, and coordinate access to HIV PEP drugs as well as track their distribution.

MOTION: I move adoption of the –A6 amendment to HB 2574. (VOTE)

Final Subcommittee Action

LFO recommends that HB 2574 as amended by the –A6 amendment, be moved to the Ways and Means Full Committee.

MOTION: I move HB 2574, as amended, to the Full Committee with a do pass recommendation. (VOTE)
