

**REVENUE IMPACT OF
PROPOSED LEGISLATION**
82nd Oregon Legislative Assembly
2023 Regular Session
Legislative Revenue Office

Bill Number: SB 129 - A
Revenue Area: Income Tax & Corporate
Excise Tax
Economist: Kyle Easton
Date: 3/1/2023

*Only Impacts on Original or Engrossed
Versions are Considered Official*

Measure Description:

Sunsets Opportunity Grant contributions tax credit for tax years beginning on or after January 1, 2023. Allows taxpayer to claim credit for tax year 2023 if taxpayer purchased credit at auction conducted on or after January 1, 2023, and before March 1, 2023.

Revenue Impact (in \$Millions):

	Fiscal Year		Biennium		
	2023-24	2024-25	2023-25	2025-27	2027-29
General Fund	\$13.1	\$0.6	\$13.7	\$0.3	\$0.0
Fund Receipts*					
Opportunity Grant Fund	-\$13.0	\$0.0	-\$13.0	\$0.0	\$0.0

*Fund receipts reflect transfers resulting from estimated proceeds of tax credit auction(s) that would otherwise occur.

Impact Explanation:

Under current law, the Opportunity Grant auctioned tax credit will sunset for tax years beginning on or after January 1, 2024. Measure as amended will sunset the tax credit one year prior to current law. Proceeds from a tax credit auction, after administrative fees, are transferred to the Opportunity Grant Fund. Taxpayers that purchase tax credits at auction subsequently claim such credits when filing their tax return. Each fiscal year, up to \$14 million in tax credits may be auctioned.

Sunsetting the tax credit one year early will result in one fewer fiscal year tax credit auction cycles being held. This is expected to result in \$14 million worth of tax credits not being sold at auction. Because a portion of tax credits sold at auction are carried forward to subsequent tax years by taxpayers, the \$14 million in unsold tax credits is displayed as positive revenue to the General Fund in the 2023-25 and 2025-27 biennia. Not selling \$14 million in auctioned tax credits eliminates the otherwise expected \$13.0 million deposit to the Opportunity Grant Fund resulting in a loss in fund receipts in the 2023-24 fiscal year.

Estimates are based on an analysis of historic tax credit auction results and timing of taxpayer use of tax credits to reduce tax liability.
