

NATIONAL NURSES WEEK

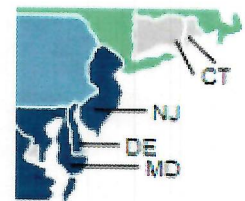

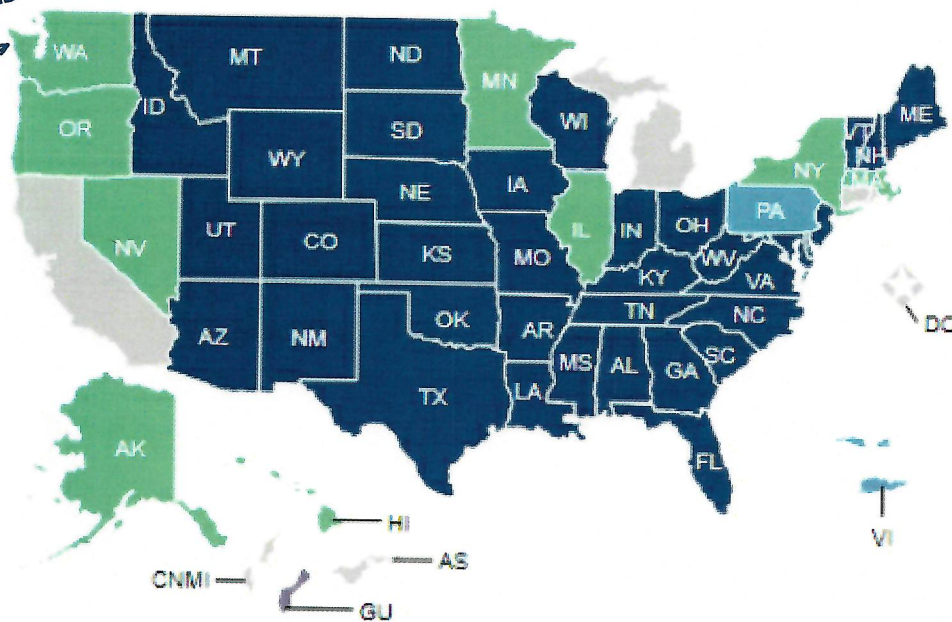

Our nurses carried the brunt of the COVID-19 Pandemic. As a result, this industry is facing significant burnout and workforce shortages. We must help ease this burden.

HOUSE BILL 2408 NURSE LICENSURE COMPACT

This legislation gives our hospitals and clinics a broader pool of nurses to recruit from and eases the burden on nurses coming into our state. An overwhelming number of nurses support Oregon joining this compact.

PASSED

Pending NLC legislation
 Partial Implementation
