

The Honorable Nancy Nathanson
Oregon House of Representatives

Dear Representative Nathanson,

On behalf of the Pharmaceutical Industry Labor Management Association (PILMA) we wish to share our support for HB 3013 as amended. PILMA is a partnership between pharmaceutical manufacturers and six of the International Unions that do building and construction work, and unions that represent firefighters and law enforcement officers.

PILMA has united the biopharmaceutical industry and union workers with the dual goals of fostering innovation of life-saving cures and securing high-quality union construction jobs. Labor and industry recognize the strength in their partnership: strong industry naturally leads to good jobs and a vibrant economy.

Here is a link to their website-

HB 3013 provides some much-needed reforms for Pharmacy Benefit Managers (PBMs). Contrary to their claims, their abusive practices have added costs for pharmaceutical consumers. Many pharmacies, particularly in rural Oregon have closed over the past few years, resulting in great hardship for Oregonians. This bill will hopefully help stem that tide.

Here is a link to a PILMA Resolution that calls for transparency and reforms for PBMs.

We respectfully urge you and your colleagues to vote yes on HB 3013 as amended.

Thank you,
