### SUMMARY

Requires state agency that authorizes or funds, in whole or in part, installation of electric vehicle charging system located on customer's side of meter to require installing contractor or contractors to hold all legally required licenses and one or more electricians who hold Electric Vehicle Infrastructure Training Program certification to supervise or participate in installation. Requires state agency to require 25 percent of electricians who are present and working on installation to hold Electric Vehicle Infrastructure Training Program certifications when installation is for electric vehicle charging port on customer's side of meter that will supply 25 or more kilowatts to vehicle.

Requires Electrical and Elevator Board to approve Electric Vehicle Infrastructure Training Program as continuing education program.

Requires Bureau of Labor and Industries to establish program to reimburse individuals who successfully complete Electric Vehicle Infrastructure Training Program and pass certification exam for amount of cost of course and exam incurred by individual. Appropriates moneys from General Fund to bureau for purposes of payments of grants made under program established by bureau.
