Defines “material content disclosure.” Allows office to impose discipline for certain violations. Directs office to provide administrative and regulatory oversight to dental laboratory program.

Takes effect on 91st day following adjournment sine die.

OPEN GOVERNMENT IMPACT

Legislative Counsel has not adopted standards for drafting measures that establish exemptions from disclosure of public records.

This measure exempts from public disclosure information the Health Licensing Office obtains and any reports issued by an investigator as part of an investigation of a dental laboratory.

If those public records that could be subject to public disclosure were instead subject to mandatory disclosure under public records law, the public could gain information related to ongoing and completed investigations by the office of dental laboratories.
