SUMMARY

Establishes grant program within State Department of Energy to provide grants to fund replacement of generators that use diesel or fossil fuels with renewable hydrogen-fueled generators. Directs department to prioritize awarding grants for emergency shelters and infrastructure, facilities and buildings related to provision of critical public services, health care and utilities. Appropriates moneys from General Fund to Renewable Hydrogen-Fueled Generator Grant Fund.

Requires grant recipient, for year in which grant is received and each of three following years, to submit to Department of Environment Quality report on total amount of green electrolytic hydrogen and renewable hydrogen purchased for renewable hydrogen-fueled generator and declaration stating that no other fuel was used for renewable hydrogen-fueled generator. Exempts grant recipient from requirement under certain circumstances.
