Full-time Equivalent (FTE) positions	9.00	9.00	9.88	0.88

⁽¹⁾ Includes adjustments through January 2023

* Excludes Capital Construction expenditures

Summary of Revenue Changes

Funding for the Oregon Government Ethics Commission (OGEC) comes from an assessment equally shared between state agencies/public universities, and local government jurisdictions. State agencies and public universities are assessed based upon their number of full-time equivalent positions. A portion of these assessment revenues originate as General Fund. Local entities are assessed based upon a formula connected to the Municipal Audit charge collected by the Secretary of State. Additionally, the Commission collects fines and forfeitures through the imposition of civil penalties. These revenues are transferred to the General Fund and are not used to support agency operations.

Summary of General Government Subcommittee Action

The mission of OGEC is to impartially administer and enforce Oregon’s government ethics laws. The Oregon Government Ethics law, Lobbying Regulation law, and the executive session provisions of Oregon Public Meetings law are within the regulatory jurisdiction of the OGEC. The commission and its staff educate public officials and lobbyists on government ethics, lobby regulation, and executive session provisions of public meeting laws through on-line and in-person training. Over 200,000 public officials and lobbyists are subject to the commission’s jurisdiction.

The subcommittee recommended a budget of \$3,926,618 Other Funds. The recommended budget is an 18.5 percent increase from the 2021-23 Legislatively Approved Budget and includes 10 positions (9.88 FTE). The subcommittee recommended the following packages:

- Package 101: EFS-CMS System updates. This package includes a one-time increase of \$259,740 Other Funds expenditure limitation for the upgrade of the current Electronic Filing System (EFS) and the current Case Management System (CMS) to benefit OGEC operations and all required filers. The EFS allows public officials to file Statements of Economic Interest online and lobbyists to register with the commission and file their quarterly expenditure reports. The CMS provides information on the complaint process for alleged ethics, lobbying or executive sessions violations and provides a centralized location for complaints related to documents. The primary focus of this upgrade is to establish a bridge between the two systems and to increase the functionality of each system. This package will result in a one-time increase in assessments paid by state agencies, public universities, and local jurisdictions.
- Package 102: Training & Development Specialist 2. This package increases the Other Funds expenditure limitation by \$225,102 and establishes a new permanent full-time Training and Development Specialist 2 position (0.88 FTE) to increase the Commission's capacity to provide trainings and advice to public officials, lobbyists, and the public. One driving factor is the transition to on-line training during the pandemic which increased participation. One result of this participation growth is the increased number of questions, advice requests and complaints. This position will assist in meeting this increasing demand in services, as well as developing additional training objectives and structures. Approval of this package will result in an ongoing increase in the assessment paid by state agencies, public universities and public local jurisdictions.
