BACKGROUND:

Current statute ([ORS 248.015 to 248.029](#)) states that a precinct committee person (PCP) is a representative of the major political party in the precinct and is elected during a primary election by the party's members, one for every 250 electors, or major fraction thereof, who are registered in the precinct 251 days before the primary election.

To become a candidate for PCP, a person must be a member of a major political party and must meet party membership and candidacy filing requirements. A person who has been a member of that party for at least 180 days before the primary election may be elected by write-in votes. Additionally, an otherwise qualified person who has been registered with that party for at least 180 days prior to the election, who turns 18 after the filing deadline, but on or before the primary election, is eligible to file for candidacy.

Senate Bill 585 A allows an otherwise qualified person, who registers to vote as a member of a major political party on or before the precinct committee person candidacy filing deadline, and who becomes a United States citizen 251 or fewer days before the primary election, but before the candidacy filing deadline, to file a declaration of candidacy to become, and to be elected as, a precinct committee person.
