**BACKGROUND:**

In 2019, the Federal Communications Commission (FCC) proposed 9-8-8 as the nationwide, easy-to-remember, 3-digit dialing code for individuals in crisis to connect to suicide prevention and mental health crisis counselors with the National Suicide Prevention Lifeline. In October 2020, the federal National Suicide Hotline Designation Act of 2020 was signed into law, incorporating 9-8-8 into federal statute as the new Lifeline and Veterans Crisis Line phone number. The act allows a state to collect a fee or charge on telecommunication services to support 9-8-8 related functions, and places limits on the use of funds collected. In 2021, the FCC adopted rules requiring phone service and text providers to add the ability to text 9-8-8 by July 2022.

## **HB 2757 B STAFF MEASURE SUMMARY**

In 2021, the Legislative Assembly passed House Bill 2417 creating the statewide coordinated crisis system consistent with the framework of the National Suicide Hotline Designation Act. The measure appropriated \$15 million from General Fund to the Oregon Health Authority, with \$5 million to be used for the crisis hotline center and \$10 million to distribute to counties to establish and maintain mobile crisis intervention teams.

The 40 cents per line per month tax created by this measure applies to the same telecommunications lines as the existing 9-1-1 Emergency Communications Tax. Neither tax applies to state and local government lines.
