6 **Be It Enacted by the People of the State of Oregon:**

7 **SECTION 1.** ORS 285B.551 is amended to read:

8 285B.551. (1) Pursuant to ORS 286A.560 to 286A.585, at the request of the Oregon Department
9 of Administrative Services, after the department consults with the Oregon Business Development
10 Department, the State Treasurer is authorized to issue lottery bonds:

11 (a) To provide financial and other assistance, including but not limited to loans and grants, to
12 municipalities, ports and other persons and entities in accordance with the laws governing use of
13 moneys in the Special Public Works Fund created by ORS 285B.455, the Water Fund created by ORS
14 285B.563, the Safe Drinking Water Revolving Loan Fund created by ORS 285A.213, the Oregon Port
15 Revolving Fund created by ORS 285A.708, the Brownfields Redevelopment Fund created by ORS
16 285A.188, the Oregon Business Development Fund created by ORS 285B.092 and the Marine Navi-
17 gation Improvement Fund created by ORS 777.267.

18 (b) To fund Oregon's share of the costs of the Columbia River channel deepening project.

19 (c) To fund Oregon's share of the costs of studies and ecosystem restoration projects in the
20 lower Columbia River estuary designed to improve habitat for listed endangered or threatened spe-
21 cies of Columbia River anadromous salmonids.

22 (2) The use of lottery bond proceeds is authorized based on the following findings:

23 (a) The financial and other assistance to municipalities, ports and other persons and entities

Note: For budget, see 2023-2025 Biennial Budget

NOTE: Matter in **boldfaced** type in an amended section is new; matter [*italic and bracketed*] is existing law to be omitted. New sections are in **boldfaced** type.

1 will assist in the establishment and expansion of businesses in Oregon and in the construction, im-
 2 provement and expansion of infrastructure, community and port facilities and other facilities that
 3 comprise the physical foundation for industrial and commercial activity and provide the basic
 4 framework for continued and expanded economic opportunities and quality communities throughout
 5 Oregon.

6 (b) The Columbia River channel deepening project is necessary to allow newer, larger
 7 steamships access to Oregon and Washington deep draft ports. A deeper shipping channel will allow
 8 the Columbia River to continue as a world leader in agricultural exports and as a key trade corridor
 9 for farms and businesses throughout Oregon and the region.

10 (c) Such financial and other assistance to municipalities, ports and other persons and entities
 11 and the deepening of the Columbia River channel will therefore promote economic development
 12 within this state, and thus the use of net proceeds derived from the operation of the Oregon State
 13 Lottery to pay debt service on lottery bonds issued under this section to provide such financial and
 14 other assistance to municipalities, ports and other persons and entities and to pay a portion of the
 15 costs of deepening the Columbia River channel is an authorized use of state lottery funds under
 16 section 4, Article XV of the Oregon Constitution, and ORS 461.510.

17 (d) The current lower Columbia River estuary habitat for listed endangered or threatened spe-
 18 cies of Columbia River anadromous salmonids could be improved through ecosystem restoration
 19 projects. The use of the Oregon State Lottery to pay debt service on lottery bonds issued under this
 20 section to pay for studying how the estuary could be improved and to pay for ecosystem restoration
 21 projects are authorized uses of state lottery funds.

22 (3)(a) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(a) of
 23 this section for financial and other assistance to municipalities, ports and other persons and entities
 24 may not exceed the sum of [~~\$386,226,252~~] **\$416,226,252** and an additional amount estimated by the
 25 State Treasurer to be necessary to pay bond-related costs. The aggregate principal amount of lottery
 26 bonds issued pursuant to subsection (1)(b) of this section for the Columbia River channel deepening
 27 project may not exceed the sum of \$17.7 million and an additional amount estimated by the State
 28 Treasurer to be necessary to pay bond-related costs.

29 (b) The Oregon Department of Administrative Services may not request the issuance of lottery
 30 bonds under subsection (1)(b) of this section until the Director of the Oregon Business Development
 31 Department determines that a final environmental impact statement has been issued and a record
 32 of decisions has been submitted to Congress by the United States Army Corps of Engineers, Con-
 33 gress has authorized the Columbia River channel deepening project, and the Washington sponsors'
 34 shares of the costs of the Columbia River channel deepening project have been committed.

35 (4) The net proceeds of lottery bonds issued pursuant to subsection (1)(a) and (b) of this section
 36 shall be deposited in the Economic Infrastructure Project Fund, which is hereby established in the
 37 State Treasury separate and distinct from the General Fund. Interest earned by the Economic
 38 Infrastructure Project Fund shall be credited to the fund. All moneys in the Economic Infrastructure
 39 Project Fund are continuously appropriated to the Oregon Business Development Department for
 40 any purpose for which moneys in the Special Public Works Fund created by ORS 285B.455 may be
 41 used, any purpose for which moneys in the Water Fund created by ORS 285B.563 may be used, any
 42 purpose for which moneys in the Safe Drinking Water Revolving Loan Fund created by ORS
 43 285A.213 may be used, any purpose for which moneys in the Oregon Port Revolving Fund created
 44 by ORS 285A.708 may be used, any purpose for which moneys in the Brownfields Redevelopment
 45 Fund created by ORS 285A.188 may be used, any purpose for which moneys in the Oregon Business

1 Development Fund created by ORS 285B.092 may be used and any purpose for which moneys in the
2 Marine Navigation Improvement Fund created by ORS 777.267 may be used. The Director of the
3 Oregon Business Development Department shall allocate the moneys deposited in the Economic
4 Infrastructure Project Fund for the purposes described in this subsection in accordance with the
5 priorities developed by the Oregon Business Development Commission in accordance with ORS
6 285A.020. However, the director shall transfer from the Economic Infrastructure Project Fund and
7 deposit into the Channel Deepening Account of the Marine Navigation Improvement Fund the pro-
8 ceeds of any lottery bonds sold to finance a portion of the costs of the Columbia River channel
9 deepening project. Upon determining the relative allocation of moneys deposited in the Economic
10 Infrastructure Project Fund among the purposes described in this subsection, the director shall
11 transfer from the Economic Infrastructure Project Fund, and deposit into each of the other funds
12 described in this subsection, the amounts so allocated. Notwithstanding any other provision of law
13 governing the funds described in this subsection, the funds described in this subsection may be
14 credited with moneys transferred from the Economic Infrastructure Project Fund by the director in
15 accordance with this subsection.

16 (5) The aggregate principal amount of lottery bonds issued pursuant to subsection (1)(c) of this
17 section for the costs of studies and ecosystem restoration projects in the lower Columbia River
18 estuary may not exceed the sum of \$750,000 and an additional amount estimated by the State
19 Treasurer to be necessary to pay bond-related costs. The net proceeds of lottery bonds issued pur-
20 suant to subsection (1)(c) of this section shall be deposited in the Oregon Business, Innovation and
21 Trade Fund created by ORS 285A.227 and may be used only for the Oregon nonfederal share of
22 United States Army Corps of Engineers Columbia River estuary projects authorized by Congress
23 prior to August 9, 2001. The director may not request the issuance of lottery bonds under subsection
24 (1)(c) of this section until Congress and Washington have authorized their respective shares of the
25 costs of the studies and ecosystem restoration projects in the lower Columbia River estuary.

26 (6) The proceeds of lottery bonds issued pursuant to this section may be used only for the pur-
27 poses set forth in this section and for bond-related costs.
