

HB 2235-1  
(LC 1905)  
2/10/23 (LHF/ps)

Requested by Representative SANCHEZ

**PROPOSED AMENDMENTS TO  
HOUSE BILL 2235**

1 In line 2 of the printed bill, after “health” insert “; and prescribing an  
2 effective date”.

3 After line 2, insert:

4 “Whereas Oregon remains near the very bottom in the United States for  
5 access to behavioral and mental health services and one contributing factor  
6 to that rating is the high turnover of certified and licensed professionals in  
7 the state’s community behavioral health services system; and

8 “Whereas while low pay is one cause of the high turnover, burnout from  
9 the high acuity needs and large numbers of clients that providers care for  
10 is a major factor in providers leaving the field; and

11 “Whereas providing behavioral health services to a client goes far beyond  
12 the time expended in appointments and includes note-taking and organizing,  
13 follow-up on needed connections with other members of the care team and  
14 administrative duties; and

15 “Whereas many providers who leave community-based behavioral health  
16 practices go into private practice where the providers can better control  
17 their caseloads and likely have clients with much lower acuity needs; and

18 “Whereas establishing caseload standards for community behavioral  
19 health services providers will increase retention, help employers understand  
20 workforce needs, estimate the cost of adequate levels of care and ensure high  
21 quality behavioral health services; now, therefore,”.

1 Delete lines 4 through 9 and insert:

2 **“SECTION 1. (1) As used in this section:**

26 “(iv) To a child with medium acuity needs, 30 clients per provider.

27 “(v) To a child with low acuity needs, 45 clients per provider.

28 “(b) Determine the workforce development needed to ensure that  
29 the caseload standards can be met.

30 “(c) If resources are not currently available to achieve the caseload

1 standard or come close to the caseload standard, assess the gap in  
2 resources and predict how many budget cycles are necessary to close  
3 the gap.

4 “(d) Recommend how frequently caseload standards should be re-  
5 viewed and the process for reviewing the standards and updating the  
6 standards.

7 “(e) Make recommendations for providing caseload flexibility to  
8 providers while maintaining statewide standards of care.

9 “(f) Assess the impact of the caseload standards on support staff  
10 such as office administrators and case managers to ensure all staff  
11 have manageable workloads.

12 “(6) No later than January 15, 2024, the authority shall report to the  
13 interim subcommittee of the Joint Committee on Ways and Means  
14 related to human services, in the manner provided in ORS 192.245, the  
15 work group’s initial recommendations for caseload standards to inform  
16 the subcommittee on the authority’s budget for the biennium begin-  
17 ning July 1, 2025. The initial standards shall take into consideration  
18 the available workforce and the workforce development needed to  
19 meet the standards.

20 “(7) No later than December 15, 2024, the authority shall submit a  
21 final report, in the manner provided in ORS 192.245, containing the
