

Submitter: Karen Madeddu

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

The amendment was made to the constitution in 2000. And now the state wants to decide to keep it and not give it back to the taxpayers!!! How dare you use this "power" you're given to decide what is best and what we want. I don't even get the kicker and still know this is wrong.

Please think about your constituents, they voted you in....and they might vote you out!!!!!!!!!!!!!!
