

Submitter: Dominique Meier

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

Do not discontinue the return of surplus revenue to the citizens of Oregon. Doing this undermines the voice of the people and will only perpetuate the disenfranchisement felt with the government. Voting to discontinue the refund process punishes hard working citizens who do their duty and pay these absurdly high taxes. These past few years have been difficult for individuals and businesses, it is time to give us a break and show you care about what your constituents want.
