Committee: Senate Committee On Finance and Revenue

Measure: SB502

Corporations are opting to leave Portland due to our inability to create a safe and profitable space. Leaning on three general public to make up for our political inaction is not the way to manage/fix the issue. Please eliminate any impact to the kicker. As a Portland Resident we pay sooner off the highest taxes in the country. The kicker is what allows us to feel like our taxes aren't getting mishandled.
