Measure: SB774

This feels very wrong to anyone who pays their fair share of taxes. Why do you think you can justify keeping any surplus tax revenue? What will you do with this surplus that is better than giving it back to the taxpayer? How will you make the lives better of all Oregonians with this surplus? Without making a clear distinction of what benefit you keeping the surplus will bring to the state of Oregon and strong planning on how this surplus will be appropriated, you should not move forward with this bill, please reconsider and think about all Oregonian taxpayers, some of whom might rely on this surplus to make ends meet.
