

Committee,

I would like to oppose this bill SB774 as it is not in the best interests of Oregonians. We are already struggling to make ends meet and overpayments of our tax dollars should be given back to those who are continuing to stick out the ongoing crime and destruction of our communities. Overpayments of tax dollars are not your slush fund to play with as needed, these belong to hard working Oregonians and need to be refunded!

Thank You,
