On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

I am testifying in opposition of discontinuing the return of surplus revenue refunds owed to the taxpayers. These funds are largely made up of personal and corporate income taxes and therefore should be returned to the people since it belongs to them. I implore every member who votes on this to carefully consider who the average taxpayer is and how even the smallest return of funds can help pay for a meal, a doctor's bill or even gasoline to get to work. You are supposed to fight on our behalf so show us you are. Thank you and I am looking forward to the vote.
